Sheep Meeting

A sheep shearing demonstration will be held two miles south of Nebraska City on the west side of the road on Monday, March 16th. The meeting starts at 10 a. m. Cass county sheep men are invited to attend the meeting. Ed Janike of the Agricultural College, a representative of the Midwest Wool Marketing Association and an expert shearer will be there.

More Bees Less Sugar

A few colonies of bees can well be included as a part of the Victory Home and Garden program on many Cass county farms. The honey can be used as a substitute for sugar in many cases.

Before the drought years there were many more stands of bees in the county than at present. With more favorable weather conditions the acreage of legumes and other honey producing plants is increasing and a few stands of bees should store large amounts of honey.

For more information on bees ask for Extension Circular 303 entitled "Beginning With Bees in Nebraska."

Take Care of Wool

Every homemaker can help conserve the country's limited supply of wool by making every wool garment she and her family have last as long as possible. Jessie H. Baldwin, home demonstration agent of Cass county, said this week. She listed some wool-conserving hints published recently by the U. S. Department of Agriculture. Included were these:

"Keep up the appearance of a wool garment, and you prolong its life. Brush wool coats and dresses thoroughly after each wearing. Hang garments on hangers as soon as you take them off. If you can, allow a garment to hang a few days after 1 or 2 days of wear. The 'rest' lets the wool spring back in place, reduces the amount of pressing needed.

"Hang wool clothing out to sun and air occasionally. Sun kills moths as well as their eggs and larvae. Ordinarily dry cleaning also kills moths. So does a washing in neutral soap.

"Never iron wool. Steam press it. You can do this with an ordinary iron and two press cloths—one of wool, the other of linen or firm cotton.

"Spread the wool press cloth over the material you are pressing. Over this spread the second press cloth. Dampen the second cloth with warm water. Press by setting the iron squarely on top the press cloth, lift-

ing it, then setting it down again. Do not lean heavily on the iron and never let the iron get hot enough to scorch the press cloth.

"After you've pressed all over the cloth, lift the press cloths and beat out the steam left in the wool, either with the palm of your hand or a special clapper made of sanded wood. Never press the moisture completely out of the wool. If you do, the material will look much pressed and lifeless. After you have pressed the garment, hang it up carefully to dry."

Spring Poisoning for Rats

The next week or two will be a good time to put out poison for rats. They migrate twice during the year. Rats moved from fields into buildings in the fall, and move from the buildings back to the fields sometime in the spring. A few usually stay in the buildings all summer.

Don Wheelan, extension entomologist who organized a state-wide rat control campaign last fall, has suggested that poison be put out on St. Patrick's day, March 17th. The Nebraska Agricultural Extension Service has a publication "Rat Control on the Farm" which can be obtained without charge from the county extension office or by writing to the Agricultural Extension Service, College of Agriculture, Lincoln. It is Extension Circular 1517. Directions for applying poisons effectively are included in the circular.

Eat to Keep Well

The most important job of every American right now is to keep well. Everyone has too big a job in our war-time program to take time off to be sick. We are realizing more and more every day the relationship of the good food to good health.

How do we know we are eating the right foods for optimum health? Nutritionists have worked out a yardstick which we may follow. The yardstick has now been translated into terms of everyday foods. Home economists of the U. S. Department of Agriculture have translated the yardstick into a diet plan of the different groups of foods in our diet every day. Follow this pattern, they say, and the vitamins, minerals, and other food essentials will take care of themselves.

Following is the diet plan which homemakers may adapt to their own uses by choosing the foods in each group that are available and that they can afford.

Every day eat at least:
3 or 4 cups of milk.
1 egg, or 3 or 4 a week.
1 serving meat, fish or poultry.
1 serving of potatoes.

1 serving leafy, green or yellow vegetables—such as cabbage, green beans, spinach, other greens, asparagus, carrots, squash, sweet potatoes.
1 other vegetable—such as peas, wax beans, beets, turnips, parsnips, onions.
1 serving tomatoes, orange or grapefruit.

1 serving other fruits—such as apples. Fruits in season are best, but dried fruits may be used.
1 serving whole grain product—such as oatmeal, cracked or ground whole wheat, sorghums.
Bread and butter (some whole wheat or "enriched" bread).
Dried peas, dried beans, or lentils 3 times a week.

The Victory Home and Garden program now being carried on in Nebraska will help you plan and give you improved methods of gardening and raising your year around food supply for health.

Our stock of legal blanks is most complete. Reasonably priced, too!

City May Aid Local Firemen in Getting Truck

Fire Department Suggests City Get Chassis for Providing Additional Fire Fighting Equipment

From Tuesday's Daily—

The city council last evening at their session heard a committee of Dr. O. Sandin and Fred Lugsch, of the fire department, discuss the matter of an additional fire truck that supplement the present large truck in case of fires in the nearby territory of the city. The smaller truck of the department was not adequate for service, the firemen stated.

It was the proposal of the department that the city purchase a new chassis on which the equipment of the old truck with the addition of a pumper could be installed and this would be a very valuable addition to the department in answering farm calls and would leave one adequate fire truck on the job all of the time.

Mayor Lillie suggested that the chassis on their recent small truck could be used in mounting a street flusher for use during the summer season.

After some discussion the matter was referred to the fire and water committee as well as a committee of the firemen to report at another meeting.

As E. A. Webb, councilman from the first ward and president of the council had removed from the city, it was moved by Councilman Rehal that W. H. Puls be named as the president and this carried unanimously.

The report of Treasurer M. D. Erona showed the sum of \$19,739.58 was on deposit in the Plattsmouth State Bank, and City Clerk Albert Olson reported that \$136.02 had been collected by his office during the past month.

The judges and clerks of the election to be held on April 7th and including the special city election comprised:

First ward—Judges: Val Burkel, William Rice, Mrs. Frank Bestor; Clerks: Minnie Guthmann, L. White.

Second ward—Judges: A. J. Koubek, Mrs. A. F. Seybert, Mrs. Fay McClintock; Clerks: Mrs. Joe Kvapil, Mrs. Fred Kallenberger.

Third ward—Judges: J. G. Meisinger, Mrs. John F. Wolf, Mrs. Charles F. Janda; Clerks: Mrs. L. L. Wiles, Mrs. William Hedrich.

Fourth ward—Judges: George Lushinsky, George Conis, John Hendricks; Clerks: Mrs. F. R. Gobelman, Mrs. Evelina Brittain.

Fifth ward—Judges: Ben Hyde, Franklin Kief, Albert Stokes; Clerks: Ida Patton, Mrs. Clara Wynn.

A communication was received by the council from the state zoning committee relative to the zoning ordinances that might be operative in the city, their type and nature as covering the building code, electric wiring, sanitary zones and trailer house regulation. As the only zoning ordinance is that of the erecting of fireproof buildings in the business section and the restriction of taverns and liquor stores to the main business section of the city.

The zoning matter was turned over to the judiciary committee and the city attorney to work out a reply to the committee as to their requirements in this line.

Chief of Police Fred J. Druceker reported that for the month of February there had been eight arrests with fines and costs amounting to \$65.75 received. The report of Police Magistrate C. L. Graves for the week of March 1st, showed one arrest and fines and costs of \$18.25.

Chairman Noble of the streets, alleys and bridges committee, reported that a sewer near the Kent station on Washington avenue had been stopped up. He also reported that Lincoln avenue was in a very bad and muddy condition as the water and mud washed down on the rock surfacing and would require removing.

Councilman Schultz reported that he had not been able to contact the engineer in charge of the cemetery road proposition that had hung fire for the past two years. Mayor Lillie stated that as to the claim of WPA labor not being available, there had been labor secured on the paving

One Way to Save

FOR health and economy, always cook a vegetable in a utensil with close fitting lid using as little water as possible. When steaming begins, lower gas flame in order to boil vegetable gently, until it becomes just "tender-crisp." It then retains the maximum of its food values. Besides, about half the gas is needed to cook a vegetable this way than in the deep-water open pan method so frequently used.

job on the south side.

Councilman Rehal stated that the city had many plots over the city where gardens could be grown to help out the Victory garden program and he favored that these be turned over to persons who would plant gardens and care for the vacant lots and save them going to weeds.

It was the suggestion of Mayor Lillie that councilmen in each ward check the vacant lots and allow their use for gardening purposes. He also suggested that the tax and property committee check all of the lots owned by the city that might be available for use.

The following claims were ordered paid by the finance committee.

GEORGE H. MANNERS

George Harve Manners, son of John Wheat and Sarah Emmeline Manners, was born January 13, 1871, at Hatfield, Mo., and departed this life March 6, 1942, making his age at death 71 years.

At the age of 15 he, with his parents, moved to Goodland, Kas., where they lived until 1893. At this date he came to Cass county, Neb., where he remained the most of his life.

While at Murray, Neb., he had a jewelry store and also had charge of the telephone office there. He was a member of the Christian church at Murray.

Mr. Manners was a veteran of the Spanish-American war, having enlisted in June, 1898, with two of his brothers. He was a member of Company B, Third Nebraska Volunteer Infantry, where he served for the duration of the war, after which he returned to Plattsmouth where he made his home. He never married.

He leaves to mourn his departure 10 brothers and one sister whose names are as follows: Garret E. of Mt. Airy, Ia., John A., Woodriver, Neb., Charles M., Plattsmouth, Henry J., Norton, Kas., James M., Longview, Wash., Mick Daniel, North Platte, Neb., Lewis G., Plymouth, Mich., Fred Earl, Eagle, Neb., Nolen N., Omaha, Neb., Ira Victor, Lindsay, Neb., and Mrs. George M. Darlington of Lincoln, Neb. Besides these there are 37 nephews and nieces.

He was quiet, kind, patient and a loving brother who will be greatly missed by his family and many friends.

"Sunset and evening star,
And one clear call for me,
And may there be no meaning of the bar
When I put out to sea.

But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out the boundless deep
Turns again home."

HERE FROM FLORIDA

A. W. Probst, former resident of Plattsmouth, Union and Nebraska City, is here to look after some business matters and visiting the old time friends in this part of Nebraska. Mr. Probst is now located at Jacksonville, Florida where he has been for the past several years. He has had a very large washing machine business in that part of the south but is finding that the war restrictions are affecting the business to some extent. Mr. Probst reports that his father, R. L. Probst, now living at Lake Worth, Florida, is in excellent health for his age. The Probst family have had the pleasure of contacting Bill Rosenkrans, who is in training at Jacksonville in the navy.

FINED FOR IMPROPER PLATES

Tuesday afternoon in the county court James H. (not Cab) Callaway, was charged by the highway patrol with operating his car without the 1942 license plates as required by the state law. Mr. Callaway, who is colored, was en route to Lincoln to look after some lodge business when arrested here.

VISITS IN CITY

Mr. and Mrs. Byron Gorton, of Alexandria, Nebraska, are here to enjoy a visit with their son and daughter-in-law, Mr. and Mrs. Wayne Gorton for a few days.

DEATH OF MRS. MILLER

From Monday's Daily—

Mrs. Bertha Miller, 69, died very suddenly Sunday afternoon at 5:30 at the Nearhome rest home where she has been for the past several days. Mrs. Miller had not been in the best of health but her condition was not considered critical and Sunday she had a very pleasant visit with some of her children here from the central part of the state. As she was enjoying a cup of tea she suddenly expired, a blood clot in the heart apparently causing her death.

Mrs. Miller was a native of Switzerland and came to the United States when a child and the family located at Cedar Creek where a number of others from her native land had settled. Mrs. Miller has for the past forty years made her home in Adams county and since returning to Cass county she has been engaged in caring for Mrs. Anna Lillie at her home on North 4th street. Since her illness she has been at the rest home.

The body was taken to the Elgby funeral home and later to Campbell, Nebraska, her former home and where the funeral will be held.

She is survived by nine children as well as two brothers, Henry Frey of this city and Jerry Frey of Lincoln.

"VIC" WALLICK APPOINTED TREASURER DEFENSE BOARD

"Vic" Wallick of Weeping Water has just been appointed treasurer of the Cass County Defense Board by County Chairman Elmer Hallstrom. Wallick will receive and account for all money turned over to the county organization. Probably the only funds available for use by the board will be from the sale of donated salvage materials.

Twenty-five per cent of the net proceeds from this source is to be turned over to Wallick to be disbursed under rigid restrictions. The remaining seventy-five per cent is to be retained by the local groups collecting the salvage.

Every resident of Cass county is urged to see that all salvage moves back into the regular channels as quickly as possible. Salvage of all kinds is needed for guns, tanks and other equipment to be used by our boys to enable them to out-fight the most powerful military organization which the world has ever seen. It makes little difference whether you donate your salvage to your local committee or sell it to some dealer but be sure that it gets back through the regular channels to be used again.

SQUARE DANCE A SUCCESS

From Wednesday's Daily—
About 150 people observed and participated in the square dance held last evening in the Legion hall. The Plattsmouth Recreation council wishes at this time to thank the American Legion for the use of its facilities in making this community activity possible. Also the council is grateful to the callers and musicians who contributed their time and efforts to make this square dance the success that it was.

CARD OF THANKS

I wish to take this means of publicly thanking the Mayor of our city, Mr. Arnold Lillie, for his thoughtfulness in getting the cemetery roads in condition for the funeral of my brother.
CHARLES M. MANNERS.
