A Salute To America's MEN of ARMS!

Memorial Day 1942. All America pays tribute to our gallant heroes of the past and to those who have joined those hallowed ranks during the past six months—the war dead of World War No. 2. It's a sad tribute, yet a proud one, for America is proud of her heroes, and proud of the cause for which they lay down their lives.

Memorial Day 1942 is also a day of determination and dedication—determination to carry this war on to Victory—and dedication to the cause of Freedom and Justice for all Mankind. With God's help—our Soldiers' Sacrifices shall not have been in vain!
