

Weeping Water

By Journal Field Representative

Mark Wiles is pleased to have the splints removed from his arm which was broken this spring. They were removed Saturday. Sunday he and Mrs. Wiles motored to Plattsmouth to visit Mrs. Wiles' mother, Mrs. Martha Wetenkamp.

Mrs. Hans Johnson of Millard, came Sunday for a visit at the home of her daughter, Mrs. Aden Stunt. She expects to remain for about two weeks.

Mr. and Mrs. Clifford Jones of Lincoln, and Mrs. Frank A. Robbins, of Chicago, were visitors at the home of Mr. and Mrs. Arthur Jones Sunday. Mrs. Robbins will be remembered by old friends as the former Miss Minnie Guenther.

Mrs. A. O. Specht and Sally went to Syracuse Tuesday to visit relatives for a few days.

Venee Amick, Russell VanEvery and Raymond Myers returned Tuesday from a 12-day trip which took them to Denver, Colorado Springs, Estes Park and other interesting Colorado tourist resorts.

Mr. and Mrs. Henry Crozier had as their guests Sunday evening Mrs. Crozier's brother-in-law and sister, Mr. and Mrs. Thomas Hays, and family of Lincoln, whom they entertained at dinner at Mac's Cafe, after which the evening was spent at the Crozier home. Mr. and Mrs. Howard Colbeck enjoyed a visit from the Lincoln guests during the afternoon.

Weeping Water community is becoming more and more conscious of the drive for scraps of all kinds, and Mr. Tate, implement man, is working in co-operation with the community by furnishing a place to deliver the scrap metal, rubber, etc., and also to see that it is disposed of where it will do the most good.

Miss Betty Johnson, daughter of Mr. and Mrs. A. W. Johnson, returned home Monday evening from the Clarkson hospital, where she underwent an appendectomy last week.

Hazel Johnson spent last week at the home of her sister, Mrs. George Bligow, in Omaha, returning home Monday evening.

Elmer Michelson, Jr., arrived home Tuesday evening from Washington, D. C., where he is employed in government work. He expects to remain home for about two weeks.

Through the kindness of Rev. and Mrs. W. D. Lenter, we enjoyed a trip to Plattsmouth and vicinity Tuesday afternoon. While there we secured our sugar rationing card, which gave us quite a thrill as our home has been sugarless for the past week. With so many things ready to seal up in cans for next winter's use, we know exactly how that sugar will be used, although syrup, we find is a good substitute in many cases. We have learned how to drink tea and coffee without sugar, and to like it, too, but we haven't yet learned how to can fruit and to make preserves and jell with no

sugar, and housewives are gradually learning to can with less sugar, so we feel that everyone will be well provided for, if they have the ingenuity to learn the new methods of canning.

While on the subject of that trip to Plattsmouth, we want to tell of our visit to the Masonic home where we visited with former Weeping Water people in the infirmary. They were Mrs. Haslam, mother of Roy Haslam, and Mrs. Beat Reed. We found Mrs. Haslam in a wheel chair, but cheerful and happy. Mrs. Reed is bedfast, suffering from heart trouble. She informed us that her son would soon have to enter the army. Her many friends here will hope for her speedy recovery. Rev. and Mrs. Leaker had a good visit with a former parishioner, Miss Minnie Benson, while there.

Early Morning Fire

This morning a driver for one of the Omaha bread trucks, making his deliveries to the downtown stores, while at the L. W. Eckenberger grocery, discovered smoke issuing from a sedan parked near the store. The driver investigated and found that the rear seat and back of the sedan was smoking and a large hole had been burned in the upholstery of the car. The driver called the fire department and in a few moments the cushions were extinguished and the damage confined to the burned upholstery.

The car was owned by Louis Baumgart of the firm of Hamilton & Baumgart, whose place of business is at 1514 W. 12th street. The fire is thought to have been caused by a cigarette dropped in the car.

Mr. Baumgart had loaned the car last night to a friend.

BRIDGE CLUB MEETS

Mrs. James McNay's home was the meeting place for the bridge club Monday evening. First prize was won by Mrs. Mary Eaton, second prize was taken by Mrs. Kenneth Stephens, while Mrs. Theodore Plak won third prize. The special prize went to Mrs. Howard Stamer.

HEARS HUSBAND'S VOICE

Mrs. Ralph Buchanan talked over long distance to her husband who is stationed at Camp Edwards, Me. Mr. Buchanan is a newcomer to Camp Edwards, having been sent there from Camp Robinson, Arkansas. The new camp is an engineering camp, and Mr. Buchanan likes the work very well.

VISIT FRIENDS AT AUBURN

From Friday's Daily—Mrs. John E. Turner and daughter, Miss Dorothy Enguin, are at Auburn today, guests at the home of Mr. and Mrs. Fred A. Rothert.

Scrap Metal Drive for Nebraska Finds Great Response

Early Reports Indicate Great Interest and Union Pacific Leads With Rally Planned

By United Press

Response to the Omaha World-Herald's \$2,000 contest for the national scrap metal drive has been quick and whole-hearted, an early compilation of reports from Omaha and out-state disclosed today.

Pace-setting the drive for Nebraska, as sort of a bell-ringer for the first round of the campaign which begins next Sunday, will be a rally to-night by the Union Pacific railroad. The railway takes over the city auditorium and asks every person attending to bring at least five pounds of scrap metal to build a huge pile in front of the auditorium.

W. M. Jeffers, president of the Union Pacific, has wired business leaders and heads of firms inviting them to canvass their own organizations and suggest that employees attend bringing all available waste material.

He also dispatched telegrams to the governors of surrounding states urging them to imitate the Nebraska plan.

Former Governor Keith Neville of North Platte, endorsed the effort, saying, "All of us are not privileged to serve in the armed forces... but we can cooperate with the state salvage committee in furthering the scrap collection campaign."

One of the first counties to enter the state-wide contest for the \$4,000 war bond offered by the World-Herald was Cass county. W. H. Waldfo, Cass county salvage chairman said that the county had a salvage committee of 19 members, but that he did not expect the county to win the prize, since a "spot check" disclosed that 89 per cent of the farmers had sold their surplus rubber and that 65 per cent had sold their scrap metal.

Hamilton county salvage committee members decided yesterday that should that county carry off the prize it would be given to the county museum.

VISIT HERE SUNDAY

Mr. and Mrs. Walter Speck and daughter, Walda Jean, were visiting Sunday at the home of Mr. Speck's mother, Mrs. V. T. Ann. Mr. Speck is Superintendent of Schools at Pennet.

REPLACE GLASS

The ten foot plate glass which was blown out at the C. E. Westcott's sons clothing store by the terrific wind of July 12, was replaced Monday by Frank R. Goblumans.

CHURCH OFFICIAL HERE

Mr. and Mrs. Scott of Omaha lined up with Mr. C. E. Carter Sunday. Mr. Scott is pastor in the Latter Day Saint's church of Omaha, and he held services in Plattsmouth Sunday morning.

HEALTH COMES FIRST

Learn the Latest Facts on Piles — Colon Troubles. 40-page FREE BOOK—tells facts about Colon Troubles, constipation, Stomach Conditions, Piles, Fistula and other related ailments. Thompson & Minor Clinic, Suite 745, 825 McGee, Kansas City, Mo.

CALL TO SERVICE

William A. Longman, of Engle, one of the last selectees called into service, who has been at Fort Crook undergoing examination, has been passed and will report for induction into the army on July 28.

Inspect Defense Plant

Edgar Greiner of the Nebraska Corporation, left Sunday from Omaha for Kansas on an inspection tour of various defense plants.

Settle Family Dispute

From Monday's Daily—Deputy Sheriff Emery Doody was called this morning shortly after 1 o'clock to the south part of the city where a family battle was reported in action and led to the officer being called. It was found that Harvey Eledge and his wife had an altercation and as the result it was alleged that the husband had struck the wife over the head with a peck handle. The deputy sheriff brought the husband on into the city to await further action.

Returns from Coastal Trip

Mrs. C. L. Wiles has returned from the coast, where she had gone June 1, to be at the home of her daughter and son-in-law, Mr. and Mrs. Thomas Grosshans, at Long Beach, Calif.

While there Mrs. Wiles had the pleasure of welcoming a new granddaughter, Marjorie, born at Magnolia hospital on June 17, and assisting Jimmie, now 2 1/2 years, in learning to share with his baby sister. All are doing splendidly.

Another pleasant event that was greatly enjoyed by Mrs. Wiles was meeting Plattsmouth friends who formerly live here, at the annual Cass county picnic at Bibby park on June 14, at Long Beach.

The Los Angeles area is alive with defense activities and preparations to meet possible attack from the enemy, are constantly in progress, and every precaution is taken to protect civilians.

Mrs. Wiles noted, especially, the cheerful attitude that prevailed, and the utmost sacrifices for the promotion of defense industries.

California is beautiful at this time of year, but Mrs. Wiles says that there is no place like Nebraska, and was happy to reach home safely.

The train service was greatly hampered by the heavy travel among civilians as well as those in the service.

Showing Improvement

From Tuesday's Daily—Mrs. George Cassidy, of this city, who was operated on last Thursday at the hospital at Hamburg, Iowa, is reported as doing nicely. The reports from the hospital are most encouraging to the family and friends.

WILL START TONETTE CLASS

Due to the large number of tonettes owned by children in Plattsmouth, Mrs. H. Hobbs, music instructor at the WPA recreation center, announces his intention to organize a tonette class. Mr. Hobbs desires the full cooperation of the parents in this effort.

City Council Puts Limit on Number of Taverns Here

Judiciary Committee to Prepare Ordinance to Limit Places to Present Ten

The city council last evening had a busy session in the heat and humidity of the council chamber, but found their meeting room much more attractive after the renovating given by the members of the police force. The police have just completed washing down the walls and ceiling of the chamber.

One of the main measures of the meeting was the motion that the judiciary committee prepare a city ordinance setting a limit on the number of beer taverns in the city, the proposer of the plan, Councilman Finnbrock, setting the number at ten, the present number in operation. There was some discussion of the matter as to the city's power to set a limit, and that the applicant could secure a license from the liquor commission regardless of the council, but it was the sentiment that the ordinance would prevail in the issuance. All of the councilmen supported the proposed ordinance.

The various city officials presented their reports for the month of June. City Treasurer, M. D. Brown showing that the treasury had \$26,534.42 at the close of business June 28th, while City Clerk Olson showed collections of \$258.50. Chief of Police Parker showed four arrests and fines and costs of \$45. Chief of the Fire Department, Dr. O. Sandin, reported two fires, June 22nd at the Lester Spangler residence, and on July 15th, the car of Louis Baumgart. Police Judge C. L. Graves for the week of June 28th, reported two arrests, fines and costs paid as \$19.25.

The Plattsmouth Water Corporation reported the completion of a new main extension and fire hydrant in the west part of the city on Oak street and the notice that the price of \$7.50 per month would be charged against the city for the hydrant rental each month. This led to a sharp discussion of the water extension on Chicago avenue, a number of the members contending that a verbal agreement had been made that the water company would extend a smaller main up the Louisville road to serve the residents. A search of the records failed to find the written pledge however. The new hydrant was accepted by the city.

City Attorney A. L. Tidd advised the council of the recent action of the district court in setting out several tracts of land on the outskirts of the city. The city attorney advised that the city had ninety days in which to perfect their appeal to the supreme court if desired. This was referred to the judiciary committee to report at the next meeting.

Mayor Hayes reported that nothing had been done by the property owners of the land where cabins and trailers were maintained on Washington avenue. This had been ordered looked after by the state health department and the failure of the owner to take action should lead to more drastic steps being taken regarding sewerage.

One of the big matters of the session was that of weeds—weeds that thrive on city owned property, weeds that grow on private lots and the weeds that infest the side of walks in various parts of the city. It was the final decision that the streets, alleys and bridges committee get after the streets and private owned property to compel weed cutting, while the tax and property committee cleaned up their own lots.

Councilman John Schutz, of the street, alleys and bridges committee, in his report, offered a number of recommendations and among these was for the installing of slow signs and "rough paving" signs on Chicago avenue, also a sign at 7th and Main street intersection regarding the stopping of cars going up and down the Main street hill. The stop signs brought on some argument as Councilman Gabelman pointed out that there were stop signs on 7th street and there was no need to have two on Main street. It was finally decided to have the center parking on Main street partially cleared so that the autoists might have a clearer view of the intersection when going west. This will be done by eliminating two car lengths on the west of the parking lot.

Councilman Schutz also brought up the matter of new hose for street washing and then came the question of a city street sprinkler, oft dis-

cussed but still without action. It was the decision of the council that Mr. Schutz endeavor to try and secure some used hose for street washing from the Omaha fire department, also that a committee, composed of Pais, Schutz and Seivers be empowered to get prices on a flusher and report at the next meeting.

Councilman Painter reported that City Attorney A. L. Tidd had prepared his terms on the proposed purchase of a chassis for a fire truck. This was referred back to the fire and water committee to await the securing of the necessary assurance that the other equipment for the body of the truck might be had at this time.

Councilman Seiver also reported that the committee was still working on the Henningson report and that they would ask further time that was granted.

Councilman Seiver of the lighting committee reported that the committee recommended the installing of a street light at 14th and Granite streets where badly needed, also at 11th street and Walnut street near the Schullide apartments. The council adopted the report and installation was ordered at once.

Councilman Seiver also recommended the removal of an electrolier at 3rd and Pearl street and the replacement by an overhead light, the electrolier post being used on Main street.

The council also requested that the mayor take up with the city attorney in regard to the electroliers broken off during the flood of three weeks ago, determining whether the loss company could be held for the damage in the breaking off of the poles when their bus floated down the Main street in the flood. The city council was informed that there were several witnesses of the bus breaking off a number of the electrolier poles.

The following bills were ordered paid by the city:

Table with multiple columns: GENERAL FUND, ROAD FUND, BUSINESS TAX, FIRE DEPARTMENT, STREET LIGHTING, FIRE HYDRANT, POLICE FUND. Includes names like Lester Taylor, John Kaufmann, and amounts.

Illinois Boys Here

Donald Martin, of Princeton, Illinois and Dick Frankenberg, of Chicago, have been here for the past two weeks and Tuesday they were joined by Neal Roberts and Ralph Welter, also of Chicago. The boys have secured employment and are much pleased with their new location. They are all school mates and are together at the Boston apartments on North 4th street.

BACK FROM VACATION

Miss Elna Potts, Secretary at the Credit Bureau, is back at her desk after a week's vacation. She spent the fourth of July and the following Sunday at Crystal Lake which is South of Sioux City.

Local Boy in Contest

James Sandin, a resident of this city, and now a student at the United States Navy School of Music, took part in a recent radio broadcast from the Sail Loft, Navy Yard, Washington, D. C., featured by a request for binoculars for the Navy. The appeal was made by the Misses Mildred King, daughter of Admiral Ernest J. King, commander-in-chief of the United States Fleet, Betty Lou Kauffman, daughter of Rear Admiral J. L. Kauffman, and Jenn Wallace, daughter of Vice-President Wallace.

Sheehan Sandin sang on the program which was designed as an additional appeal, originated by the Secretary of the Navy several weeks ago, to the owners of binoculars meeting service requirements, to loan them to the Navy for use in the war effort. The Navy accepts ONLY 6x39 and 7x50 binoculars manufactured by either Zeiss or Bausch and Lomb. Persons who own binoculars meeting those requirements and who desire to lend them to the Navy for the duration of the war have been requested to pack them carefully and ship them to the Naval Observatory, Washington, D. C.

Golf Course Now in Excellent Shape

President Milo Hoppe of the Golf Club wishes to announce that the greens and the fairways, and the general condition of the golf course have been put in excellent condition. The abundant rainfall has contributed to this condition.

A membership drive is under way this week. Newcomers to Plattsmouth are cordially invited to join the club. The club plans to hold a barbecue party at Holly's Shack on the Platte river Sunday, July 26. Anyone wishing to join the club should get in touch with Randall Bigsby, secretary and treasurer.

Married at Duxbury Home

Tuesday evening at the residence of Judge and Mrs. A. H. Duxbury was celebrated the wedding of Phil Painter, of Grand Island, and Frances Marie Wilman, of Winterset, Iowa. The groom is a former resident of Winterset and is now employed at Grand Island.

The wedding was witnessed by Francis Wilman, father of the bride and Mrs. Duxbury.

Charged with Assault

A charge of assault with intent to do great bodily injury was filed this morning by County Attorney Walter H. Smith, against Harvey Eledge. The defendant is charged with having struck his wife with a jack handle and inflicted a wound.

Mr. Eledge entered a plea of not guilty to the charge and the preliminary hearing of the case set for Saturday morning at 10 o'clock.

Should the King Korn Carnival be Held This Year?

The question has come before the Business Men's Ad Club whether plans should be made to hold the Annual King Korn Carnival this year or not. As the Carnival is presented for the benefit of the patrons of the Plattsmouth trade area they would like to have YOUR opinion. Please check below and leave this coupon at any business house in Plattsmouth or mail to George Conis, chairman, Plattsmouth, Nebr.

- We would like to have you hold the Carnival as usual.
We believe the Carnival should be omitted this year.
We would be willing to help (serve on committees, have float or exhibit).
