

Stenographers Needed

We all have a date with Victory—but first we have a stupendous job to do, and women must shoulder their responsibilities just as men are shouldering their guns in order to get this job done. Women are especially needed these days in Washington, D. C., to fill stenographic positions paying \$1440 a year. In order to qualify for these positions, applicants must be able to take dictation at 96 words per minute and accurately type 35 words per minute. Applicants must be at least 18 years old on or before October 1, 1942. There is no maximum age limit.

You can find a place to live in Washington, and agencies have recently been established to aid the newcomer. Will stenographers who want to do their part please report immediately to the Secretary, Board of U. S. Civil Service Examiners, at any first or second class post office or to the Manager, 8th U. S. Civil Service District, Post Office and Customhouse Building, St. Paul, Minnesota.

Stitch in Time Sewing Club

Our last meeting was at the home of Ruth Rodaway. We sang club songs at the beginning of the meeting. We examined some of the things we had made. We looked over our lesson for the next meeting. We had a very nice lunch and then went out doors and played games until our folks came.—Berneda Folken, reporter.
