**Clothing For Service Men**  
Mr. R. R. Guthrie, chief of Textile Clothing and Leather Goods of the WPB said in a recent letter that although the average soldier and sailor were adequately clothed by the government additional sweaters are needed in special cases—particularly those for men who are stationed in Iceland or Alaska, on submarines and for those who go on long campaigns.

To supply the needed sweaters and to assure the knitters that their sweaters will go where they are needed, all requests for sweaters now come from Commanding Officers and none are supplied except at a Commanding Officer's request and local quotas are set up from these actual requests.

The local quota of yarn is here and the Red Cross needs some more knitters. Anyone interested please get in touch with Mrs. Frank Maxey, phone 41J.

Mrs. Charles Covington has the sewing quota at the USO house and anyone interested in helping sew for the Red Cross may call 183 or go to the USO house.

**"Health On the Home Front"**  
A "family health plan" to be worked out by each woman's project club member for her own family was the main aim of the second demonstration given this week by Sarpy County project clubs. "Health on the Home Front" is the topic for the demonstration.

Proper nutrition, rest and recreation, protection of children against communicable diseases, regular check-ups, and early medical treatment are seen as necessary parts of such a plan, County Extension Agent Erickson said.

It was also stated that the demonstration is one of the most timely on the project clubs' program for the year, because the highest degree of physical fitness possible is necessary for everyone in these war times, whether they fight on the battle front or on the home front.

"On the home front falls the responsibility of building health defenses that will assure good health," the County Extension Agent states, "that means good health for our soldiers, factory workers, farmers, and home workers. The physical fitness of these people determines the success of our war effort. Our children must have strength and vigor to face their responsibilities in the peace. The tasks we have are so important that the President of the United States has called upon the people of every community to join forces in a health campaign that will win total physical fitness."

### Death Of War Veteran From Bellevue

Sgt. Joseph F. Nelson Dies From Wounds Received at Pearl Harbor December 7th, 1941

Sgt. Joseph F. Nelson, 33, popular and well known Bellevue citizen is dead as the result of wounds suffered in the opening phase of our war against Japan—the attack on Pearl Harbor, December 7th, 1941. He is the son of Mr. and Mrs. Victor Nelson, also of Bellevue.

He was a member of the United States Coast Artillery, and was brought to this country for medical attention after being wounded. For several months he has been hospitalized in Excelsior Springs, Missouri, where death came to him. Besides his parents he is survived by five brothers, James, Dean and Donald who are serving their country with the U.S. Coast Guard. The latter brother is located in San Pedro, Cal. The other brothers are Earle Nelson, Dodge, Nebr., and Lloyd Nelson, Bellevue. Three sisters surviving are: Mrs. T. C. Houck, Omaha; Mrs. John Verbeek; and Miss Ethel Nelson, Omaha.

Funeral services will be Saturday at 2 P.M. at the Bellevue Presbyterian church. Services will be in charge of Chaplain Wilbur C. Small and Rev. James B. Douthitt assisting. There will be military services at the grave interment will be at the Bellevue Cemetery under the direction of Heafey and Heafey.

### Bellevue Firemen Called Twice

The Bellevue fire department was called out both Tuesday Morning and afternoon. At 5 A.M. the firemen rushed to the Charles Winebrenner home where Mrs. Winebrenner had confined the damage mostly to the kitchen when she closed the door after the gasoline stove on which she was preparing breakfast exploded. Firemen later arrived and extinguished the blaze.

That afternoon the blaze fighters were called to the south end of town where one of the new homes recently occupied by the Davis family had caught fire in the attic. The fire

was put out before much damage resulted. The cause of the fire was attributed to defective wiring.
