"Roundup" Rolls 'Round

The annual "Chieftain Roundup" will be held November 24, 1942, in the High School Gym. at 8.00 p. m.

This year it will be loaded with thrills and spills for all. A free program and the crowning of the chieftain and princess will open the carnival.

Such attractions and concessions as the penny toss, baseball throw, over and under, corn game, dance lunch counter and novelty stand will be in full swing. There will also be a worthwhile door prize.

Farm Bureau Sends Delegates To Convention

Sarpy County will be represented at the State Convention of county Farm Bureaus being held in Holdrege on November 30 and December 1. Delegates recently elected by Sarpy County members to attend the convention included Wm. Haldeman, Gretna; L. J. Lutz, South Omaha, and C. A. Prinz, Papillion. Representing Sarpy County in the sessions being

held for women will be Mrs. Chris Hansen, South Omaha.

Included in the sessions will be addresses by Governor Dwight Griswold, Mr. C. Y. Thompson, Farm Bureau President, Mr. J. F. Yeager, Michigan Farm Bureau Representative and Mr. W. H. Brokaw, State Extension Director.

Planning the Farm Bureau program for 1943 will occupy a substantial part of the two day session.

Campaign For More Hogs Started Here

Sarpy County joined the state and nation in putting into the effect the program for increased pork production in 1943. The program will increase the income of Sarpy County farmers by several thousand dollars as well as help meet the nation's needs for meat. Complete plans for the state program at the Agriculture College were made at a meeting of the State Rehabilitation Committee in Lincoln last week. Increase pork production can come easier than most other types of livestock because of the minimum requirements of labor where labor saving equipment is used.

County Agent Erickson mailed a letter to all farmers this week asking them to report the number of gilts they would have for sale in order to locate them for interested farmers who can handle more gilts this coming spring. Some farmers already interviewed concerning this, indicated they plan to use horse stalls and other buildings to take care of them during farrowing time.

Undoubtedly many farmers will make more use of labor saving equipment to save time. More plans will be made to provide pasture for them during the coming spring and summer to save time and grain.

Some farms, because of lack of equipment will not be able to increase materially but many farmers do have and probably can increase as much as 30 or 40 per cent.

There are many gilts in the feed lot now which would make very good breeding gilts. The probable demand for bred gilts will make it profitable to hold some in excess of what can be handled on the farm for farrowing and breed them.

There will likely be a demand for breeding stock from other counties in the state in view of the fact that they have been out of hog production for so many years.

Here From Coast Guard

William Reed, son of Mr. and Mrs. Frank Reed, of this city, who has been a member of the United States coast guard for almost two years arrived home Sunday for a visit. "Bill" has been stationed at Fort Townsend, Washington, during the greater part of his service and likes the Pacific north west very much and his branch of the service.

Visitors In City

This afternoon Rt. Rev. Monsignor M. A. Mosler, chaplain of the St. Mary's hospital at Nebraska City, with Fred Witt of that city, were here. Monsignor Mosler stopped for a very pleasant call at the Journal.

Library Board Meeting

The Bellevue Library Board met Monday evening to formally accept \$271.81 presented to them by the local scrap committee, from their previous scrap drive. This money will be used for the purchase of books and the Library Board wishes to thank everyone who contributed scrap or time in this drive. A list of new books purchased will be published when the books arrive.

Starting December 7 the Library will be open every Monday from 6:00 p. m. to 9:00 p. m. and every Thursday from 4:00 p. m. to 9:00 p. m. and Newcomers are especially invited to become users of the library service.

Bellevue Sailor Hurt

in Chicago "L" Crash
Seaman Robert R. Cathro, 20, son of Mr. and Mrs. Ernest C. Cathro, who had been home on a furlough the past ten days, suffered minor injuries Wednesday at Chicago in a collision between an elevated and a suburban train which sent a number of persons to the hospital.

Cathro escaped with a bruised right temple and strained back muscles. He was returning to the Great Lakes Naval Training station when the accident occurred. His father is chief engineer at Fort Crook.

The crash in which Cathro was injured was one of two similar accidents in which a total of 88 persons were hurt.

Sarpy County Pioneer Dies

T. R. Daniell, 77, very well known in Bellevue, died Monday night at his farm home west of Fort Crook. Mr. Daniell was born in Kalamazoo, Mich., and in 1867 came to Fort Crook with his parents on the first North Western train to run to Council Bluffs. He was a farmer and stockman. He is survived by four sons, Richard, Amos, Thomas, and Lester; three daughters, Mrs. Mildred Whitted, Mrs. Irene Blaine, and Mrs. Gertrude Iske, all of Fort Crook; brother, T. E. Gledhill, 18 grand-children and four great-grand children.

M. A. O. Club Meets

The M. A. O. club met yesterday afternoon at the home of Mrs. R. B. Keller with Mrs. C. M. Bull as the assistant hostess. The president of the club, Mrs. Leslie Niel, opened the meeting and everyone joined in the salute to the flag. The song of the month is "Santa Lucia" and was sung by all those present to add greatly to the enjoyment of the occasion. The reading leader, Mrs. C. M. Bull, read an article on "Getting Acquainted with our Armed Forces" and an article from the Readers Digest. She suggested several subjects for reading and study by the members. The lesson topic of the meeting was "Health on the Home Front" and was well presented by the two lesson leaders for this month. Plans were made for the Christmas party which will be in the form of a covered dish luncheon to be held on December 9 at the home of Mrs. Glenn Vallery. At that time each new member is to bring cookies and candy to be packed and sent to a soldier for Christmas. This club also plans to collect decks of used cards to be donated to the U. S. O. At a late hour Mrs. Keller and Mrs. Bull served delicious refreshments.

There's five times more **POWER** in back of every Yank!

THEY said America was "soft"—that our easy living would make us easy lying. But cocky American fighting men proved them painfully wrong at Wake, Midway, Bataan. And the same factories that produced our peacetime comforts are geared today into the greatest war industry the world has ever seen!

Production is military power. And electric power is production. America can produce the planes, tanks, ships and guns to win this war because America has five times the electric power it had in the last war—more electric power than all the Axis and conquered countries combined.

For that you can thank the quiet, competent men who manage America's electric companies. They were ready when war came—and their practical, proved experience will help keep America's war machine humming on the high road to Victory!
