Suffers Fire Loss
The new home recently purchased by Mr. and Mrs. Thomas McQuinn from Mrs. L. G. Todd was slightly damaged by fire the past week. MURRAY

By Journal Field Representative

Lawrence Smith, Murray's shoe repairer and harness mender, has been having a large amount of business the past few days. Bad weather has aided the shoe business and farmers are getting their harness mended.

Murray residents were shocked to find the mercury at 21 degrees below zero on Tuesday.

Getting Ready for Farrowing
With the approach of spring and time for the arrival of the spring pigs, there is an increased demand for hog houses. The Murray lumber yard has taken orders for two for Mr. Lightner, one for John Thompson, one for John Clark and a number for Wallace Philpot of east of Weeping Water.

Business called L. C. Horchar to Plattsmouth on Saturday and he has spent several days there during the extremely cold weather at the Hotel Plattsmouth.

Dr. Gilmore Not Well

The ladies of the Murray branch of the American Red Cross have been very active in their sewing and recently "put in a quilt" at the Murray Christian church. Owing to the cold weather the quilt has been

taken for convenience to the home of Mrs. W. L. Seybolt. This provides a pleasant and convenient place for the ladies and they are able to come and quilt when they desire.

Last Sunday Mr. and Mrs. George E. Nickles were at Omaha where they were guests at the home of Mr. and Mrs. Lester Shrader. Mrs. Nickles is an aunt of Mr. Shrader.

BETTER VISION— LESS SPOILAGE

Every scrap box should be labeled "Tidbits for Hitler". Spoiled parts mean precious material wasted, time lost, money wasted, fewer weapons... and the allies weakened.

Many pieces go into the scrap box because of the unrecognized machinations of that silent Axis partner, Faulty Eyesight. Faulty eyesight saps a worker's strength—slows his actions, makes his work blur and his hands fumble and fail in their urgent task. Don't be the weak link in your production line. Keep your eyes fit—and fighting.
