Capture Swindler
 Chicago, April 14, (UP)—Robert Clark, 32, a smooth check forger who manipulated 11 bogus draft cards, nine social security cards and 15 driving licenses to avert capture in 18 states, was seized on another charge as he appeared for a "fixed" rendezvous with a 12-year-old girl.
 Capt. Thomas Harrison and two detectives captured Clark, hunted by police and federal agents for more than a year, in a west side bicycle shop to which he had been lured by a decoy letter written by the girl.
 Clark's capture yesterday resulted from a complaint by the girl's mother, who notified police that the child, returning home after three days absence, said Clark had kept her in a room with him. Unaware of the man's record as a swindler, Harrison set a trap for his capture, directing the girl to write a letter arranging a meeting at the bicycle shop.
 It was not until Clark had been seized and a suitcase removed from his room at a boarding house that police learned he was a swindler. After studying his effects, Harrison identified him as a forger wanted in many states and called the FBI to take over the case.

To Hasten Victory
 No American wants this war to go one minute beyond the time we can bring it to a victorious end. To hasten that victory—to save possibly the lives of millions of our boys on our far flung fronts—it is imperative that every American do his part in the Second War Loan. There is an investment to fit every purse. The most you can do is little enough compared with the sacrifice offered by our boys in service. They give their lives—you lend your money.
