Mrs. Privett has received word that her sister, Mrs. Artiscia Davis, had undergone an operation for the correction of a spinal ailment due to a car accident that occurred when she was living in Omaha. She is at the Queen of Angels hospital and her home address is 245 South 32nd street, Los Angeles, California.

Miss Helen Fitzgerald, county assistance director, is in Lincoln where she will confer the next three days with Neil C. Vandemoer, director of state assistance, and Miss Margaret Anderson, superintendent of state service. Subject of the discussion will be the putting into effect of the recent bill which passed the legislature, L.B. 424. This bill requires the licensing of boarding houses or day care centers, both for children and the aged and infirm. Regulations pertaining to such institutions where members receive old age benefit will come under the control of the county assistance office.

Mr. and Mrs. Joe Martis of Murray recently disposed of their property and left this morning to make their home in Los Angeles where a son, Joe Martis Jr., and a daughter, Mrs. John Bergman, are living.

Government restrictions and simplifications of industrial and residential incandescent lighting fixtures will save 2,500 to 3,000 tons of metal this year.

START TODAY! BUY WISELY! plan your meals before you go shopping. You'll find you have better balanced meals and you won't have surplus perishables on hand.

Start Today! Store Properly! dairy products should be kept in the coldest section of your refrigerator. Frozen foods should be kept in the freezing unit and once they have started to thaw, should never be refrozen.

Start Today! Cook Nutritiously! cook vegetables in a small amount of water and for as short a time as possible. Use water in which vegetables have been cooked for soups, gravies, etc. Do not add soda to cooking vegetables-it destroys thiamin.

CARROTS—smooth skinned, firm and crisp. They may be deep orange, or light yellow. Fresh, green tops that can be cooked for greens.
TOMATOES—free of shriveled skins and cracks. Regular shaped, firm and glossy skins. Four tomatoes to the pound is a good average.
ASPARAGUS—tips should be crisp and not show signs of wilting. The stalks smooth, clean, brittle and tender.
BEEF GREENS—should be bought only when they are on the fresh beets. Make sure they are not bruised or wilted.
