"I want you to know how much I appreciate your kindness to my son," writes a soldier's mother in New Jersey to a Lincoln lady. "It kind of makes it easier to have him so far away when there are people like yourself to take an interest in him just when he needs it. So thank you so much and God bless you."

There are many soldiers every day, especially so on Sunday, who would appreciate some home hospitality. It need not include big meals or preparations. Friendliness and a home atmosphere are what they want.

Invitations may be phoned or written to the Hospitality Clearing House at the USO from 2:00 to 9:30 p. m. daily.

## Two Ward Schools To Be Closed

Because of a shortage in the supply of teachers, the Mercerville and First Ward schools are to be closed during the next school year. During the past year the enrollment in these two buildings has been low. Due to the difficulty in finding teaching service combined with the decreasing enrollment it was felt that it would be to the best interest of the Plattsmouth schools to consolidate Mercerville and First Ward with the Central Ward school.

This action will be a financial saving to the school district as two teaching positions will be eliminated. Fortunately the new Central building has adequate room to accommodate the pupils transferred from Mercerville and First Ward.

The Board of Education has been confronted with a problem of rising costs due to the increase in teaching salaries and other costs of operation. The condition is made more acute because the tax levy in the Plattsmouth district will remain the same for the school year of 1943-44. This levy is now at the legal limit of 20 mills.

The valuation of School District No. 1 will no doubt be lower for 1943-44 than for 1942-43. This is being brought about because the water plant will be removed from the assessed valuation. The shortage of teachers has caused salaries to be raised in face of a decreasing budget. The savings in closing Mercerville and First Ward will help to make a balanced budget possible.

Parents of the children who last year attended Mercerville and First Ward are asked to cooperate and send their children to the Central building.
