

Weeping Water

Mr. and Mrs. J. W. Crabill, Mr. and Mrs. Clem Woster, and their daughter, Clementine, all of Platts-mouth, visited the Fair, Thursday.

We believe that the youngest blue ribbon winner at the Fair was Leola Harter, three and one-half years old, who won first prize on a tea towel which she embroidered, and also won first on a bouquet of zinnias, in the garden department.

Mrs. Jennie Dawson, formerly Miss Jennie Philpot, who has lived at Platts-mouth for the past two years, visited relatives in Weeping Water last week, and enjoyed the Fair.

Mrs. Jack Hayes left Thursday morning for Fort Pierce Fla., to visit her husband, Pfc. Jack Hayes, cook in the engineering division of the army. Mrs. Hayes expects to remain for a month or six weeks.

Francis Olsen, of Boone, Iowa, surprised his mother, Mrs. Andrew Olsen, Tuesday evening, coming unexpectedly to help his mother celebrate her birthday. Mrs. Francis Olsen and their daughter, Joan, are enjoying a vacation in Colorado.

Mrs. James Struve, and family, left Thursday for Seward, to join Mr. Struve, who has been there for the past month.

A real estate deal was made last week by which Don Philpot became the owner of the two-apartment house, formerly owned by Mrs. Fred Klepser, and we are told that the Philpot family hope to get into the house before school opens.

The Cascade Charity Club held their annual picnic at the Cascade school house, Sunday evening, with seventy present. A fine supper was enjoyed, and all took part in an old fashioned singing bee, with Mrs. Homer Jameson at the piano. Mr. and Mrs. Harold Thommasen and Mr. and Mrs. Pete Zeslin, former members of the club, were guests of honor.

Leonard Schafer, deputy sheriff in Lancaster county, spent part of his two weeks vacation at the home of his sister, Mrs. Ed Pankonin. Miss Hazel Ward, also of Lincoln, was a guest at the Pankonin home, last week.

It was good to see Mrs. J. M. Mendenhall, of Elmwood, on our streets during the Fair. Mrs. Mendenhall lived in Weeping Water for so many years that she is still one of us, we feel.

Mrs. Merritt Pollard, Jr., of Seymour, Iowa, arrived Tuesday for a few days visit, and Thursday Merritt came to visit his father, Merritt Pollard, Sr., who is recovering from a major operation and is still at Bryan Memorial hospital.

Mr. and Mrs. Herman Brunkow, of Elmwood, and Chester Hopkins, were Sunday dinner guests at the home of Mr. and Mrs. Carl Compton.

Claude Hewitt was called to California, last week, by the illness of his mother, who lives near San Francisco.

Must Show Claim

Washington, (UP)—The War Labor Board said today that it turned down the portal-to-portal pay clause in the contract between Illinois coal operators and the United Mine Workers because UMW failed to present data showing its right to underground travel pay under the wage and hour law.

"The mine workers are not entitled to extra compensation under the fair labor standards act until the weekly working time exceeds forty hours," Chairman Wm. H. Davis declared.

The miners have been getting time and one-half pay for all work over 35 hours a week.

The WLB turned down the Illinois contract last Wednesday, four labor members dissented and a minority opinion was issued later in the week. Davis' statement represented the majority opinion.

Card of Thanks

I wish to thank my many friends for their kind acts, cards, letters, and calls during my recent illness. Hoping none of you are ever called on to suffer as I did.

Mine Found 'Gassy'

Washington, (UP)—The Sayre-ton No. 2 mine of the Republic Steel Corporation at Sayreton, Ala., where twenty-two persons were killed in a double explosion Saturday night, was found by Bureau of Mines inspectors last February to be "gassy," and to contain non-permissible electric equipment and bare wires.

Inspection was made under the federal coal mine inspection act which gives the right to enter the mines and make recommendations but contains no enforcement authority.

Bureau inspectors, in a preliminary report, posted at the mine and a general report submitted recently to the operators, said the mine was liberating methane, an explosive gas, and urged extreme caution.

No information has yet been received by the board, however, which would indicate the cause of the two explosions Saturday night.

Sweden Firm In Stand Against German Protests

Denounce the Nazi Press Criticism of Swedish Government—Starts Over Sinking Trawlers

Stockholm, (UP)—Sweden took a firm stand today against a German press campaign touched off by a dispute over the sinking of two Swedish trawlers by nazi warships in the Kattegat.

A foreign office spokesman said Sweden refused to accept German allegations that the trawlers had violated the country's neutrality by sailing in a war zone.

The government was gathering facts to bombshell the strong Swedish protest against the incident and a new note to Germany was expected in a few days. Late reports from Berlin indicated the nazi campaign of intervention against Sweden was continuing. German afternoon papers were said to have condemned particularly the Swedish press for allegedly violating government's neutrality policy.

The nazis displayed extreme irritation over the increasingly anti-German editorials in a majority of papers formerly somewhat pro-German, and a steady trend in favor of allied news.

War Production Up

Washington, Sept. 1. (UP)—War production took a turn for the better during the month of July with an over-all increase of 3 per cent in the output of munitions, but further increases are needed if 1943 goals are to be reached. Chairman Donald M. Nelson of the War Production Board announced today.

"During the months of May and June, production levelled off causing concern among many officials who warned that the United States could ill afford a slowing down of its war production program if the armed forces were to move ahead on schedule.

Nelson's latest report said production problems had been "largely licked" in many programs and that peak production rates have been achieved or are not far off.

The three remaining problems, he said, are airplanes, signal equipment and army ammunition. Two of these showed hopeful increases in July. Production of signal equipment went up 17 per cent, airplanes 4 per cent. Army ammunition, however, remained static.

White Bread Richer

Washington, Aug. 31. (UP)—The War Food Administration reminded the baking industry today that white bread must be about one-third richer in vitamins and minerals starting Oct. 1st.

The enrichment order was issued July 3rd. Food officials said the enrichment will not change the color or flavor of white bread.

The order specifies the following miligrams per pound of flour compared with old standards:

Thiamine—from 1.66 to 2.
Niacin—from 6 to 16.
Iron—from 6 to 16.

Riboflavin, which has been scarce, must be added at the rate of 1.2 miligrams per pound of flour starting Oct. 1st.

Mrs. Richard Schwegman who had an operation at the Bryan Memorial hospital in Lincoln last week, is reported to be getting along nicely.

Mr. and Mrs. Ira Stall and family of Lincoln spent last week end with Mr. and Mrs. I. A. Stall, and Mr. and Mrs. Elmer Frolich and family.

Mrs. Frank Plymale of Millard left last week for Texas to be present for the graduation exercises of her son, James Gibbs, who had completed his training as a cadet and received his wings on Monday, Aug. 30.

Mrs. L. E. Jones of Palmyra, Mrs. Anna Klietsch of Omaha and Jack Jones were in Eagle last Friday calling on friends.

Mr. and Mrs. George Winkler received word the first of this week that their son, Sgt. Raymond Winkler, had been transferred from Washington to the Kearney air base where he would be located for about two months.

A son, Thomas Francis, was born to Mr. and Mrs. Frank Mineham of Albany, New York, August 18th. Mrs. Mineham was formerly, Miss Pauline Soper, daughter of Dr. and Mrs. Wayne Soper. Dr. Soper was superintendent of the Eagle schools for a number of years.

Dwight, Earl, who recently underwent a sinus operation, is recovering as well as he should.

H. C. Federer, CSP., (R), USNR., of the Lincoln, Nebraska Navy Recruiting Sub-Station, will be in Eagle Sept. 15th, from 9:30 a.m. to 10:00 a. m. at the newspaper office for the purpose of interviewing men between the ages of 17 and 50 interested in the U. S. Navy or Navy "Seabees"; also young ladies between the ages of 20 and 36 for the WAVES

One dollar in War Savings Stamps pays for an Army intrenching shovel to build foxholes.

Notice to the Public

The parking places in the business section of the city are being repainted and arranged for the purpose of making it easier for the public to park cars and trucks and to conserve the space. The cooperation of the public is asked in seeing their cars and trucks are parked at the proper angle to give as much room as possible.

Noah Parker, Chief of Police

Driver License Renewal

The time is at hand for those whose drivers licenses have reached the two-year limit to renew the license. The parties holding the licenses can have these renewed for 75c. County Treasurer Ruth Patton states, and no driving test will be necessary if the license has not passed the ninety-day limit. The treasurer urged that those that send in for their renewals enclose a stamped envelope for the return of the license.

In event that duplicate licenses have been issued and lost a new license at the \$1 fee will be required

as only one duplicate can be issued. There are approximately 7,500 persons in Cass county that have license to drive motor vehicles. These do not all expire at one time but all have a two-year period for use.

In Great Britain, when the present six months' surplus stocks of hats are exhausted, women will be able to buy only one new hat every three years and men can get one hat in every five years.

Lowest rates in history
