THE 3rd WAR LOAN DRIVE STARTS - TO BACK THE INVASION!

3RD WAR LOAN

15 BILLION DOLLARS (NON-BANKING QUOTA)

What you will be asked to do—

MARK well the date—Thursday, September 9th. For on that day, you must answer to your country's call.

On that day, the 3rd War Loan Drive opens. You will be asked to back our fighting forces to the very limit of your resources. You will be asked to go ALL-OUT FOR INVASION by investing in EXTRA War Bonds—more War Bonds than you perhaps think you can possibly afford.

To meet the national quota, every individual in the country who earns a wage or draws an income or has accumulated funds must invest, if he possibly can, in at least one EXTRA \$100 War Bond. Those who can, must invest in more bonds—hundreds and thousands of dollars' worth more.

Scrape up the money from every source you can... turn in all the loose cash you carry with you... dig out what you had tucked away "just in case." Go without pleasures, luxuries, even necessities this September. And give our fighting men the things they need to fight with—and win.

These men are throwing everything they

have into this fierce invasion push. They are giving their blood, their lives. No one can put a price on such courage, self-sacrifice, devotion. But you can show you're with them to the limit! You can say it with Bonds... EXTRA Bonds this month.
