and gravel for the Maiden Lane mail route road, the surfacing to be an inch and a half, twelve feet wide and 1,200 feet long. The estimate in crushed rock would be \$175 and in gravel \$82.75. It was the opinion that the gravel would hardly hold on the hillside, but the matter was finally left to the streets, alleys and bridges committee.

The application for an "on and off" license for the sale of beer, was received from Rae G. McMaken, place of business to be the New Way Lunch British Abandon Cos building at 6th and Vine streets. This was referred to the license committee for investigation and action.

The matter of the pay, hours and number of the members of the city police force was brought up by the Dodecanese which was seized from much heckled police committee that its Italian garrison a month ago. has been endeavoring to keep men on the force when they might secure ing completed their task, have been much better wages at other work.

Recommendation of the committee was that the salary of the chief of police be set at \$150 per month. Ups Liquor Tax that of the assistant chief at \$150 per month. That the two take care of the police work, the chief to be on duty from 10 a. m. to 10 p. m., the assistant chief from 8 a. m. to 8 p. m., or a ten hour shift.

Communications were read from the Business Men's Ad club and the Chamber of Commerce opposing the dropping of the third member of the police force as creating a bad condition and not providing an adequate protection for the busiess section of

Chairman Seivers of the police committee stated that the arrangement was in the nature of a stop gap until other means could be provided to give the men an adequate wage. The committee had desired to have the three men retained but it was hard to even secure two efficient men and increasing the pay developed the question of funds. If there was anyone that could find police timber at the rate of pay allowed the comcittee would be pleased to have them placed on duty.

The recommendation of the committee was then adopted with Nelson, Puls. Schutz and Conis voting no.

The resignation of Noah Parker as chief of police was presented to be effective at 6 p. m. on Sunday and the resignation accepted by the

How Can I Know God? Next Sunday Morning at 10:45

IS CHRISTIANITY TRUE? "If your right is a hindrance pluck it out and throw

HOW DID JESUS TEACH US TO RESIST INJURY? Who should cast the first stone?

Do you want to make a new start? Attend this service. "A STRANGER BUT ONCE IN THIS CHURCH"

It looks like a carnival concession or an inventor's nightmare. But it's a balancing chair, used to test Army Air Corps candidates.

Only a few Americans will ever try the balancing chair — but every one of us is having our sense of balance tested by war. It's a test of our ability to do our daily job, buy bonds, pay taxes, donate blood, spot planes, serve in Civilian Defense—and still keep an even keel. It's a test of individuals and industries.

We're rather proud of the way our industry—the electric power companies under business management — has met its greatest test. In the face of shortages in many fields, power production has been stepped up to take care of all war plants and all essential civilian needs!

Service is still good, rates still low. The average American home still gets twice as much electricity for its money as it did about 15 years ago.

These are the accomplishments of experienced men and well-balanced management under public regulation —the system that made America great.
