Farmers Get OPA Ration Report Forms

In order to assist farmers in sending OPA the ration points they collect from the sale of rationed foods, local War Price and Rationing Boards are mailing direct to farmers in their areas the necessary reporting form, addressed envelopes and complete instructions regarding the collection of ration stamps, W. G. Boedeker, chairman of the Cass county local board said today.

Farmers who either sell or transfer rationed foods, such as fresh smoked meat, all types of sausage, lard, butter and cheese, are required to collect ration points from purchasers. The number of points they should collect for these foods is listed for the particular item on the official table of point values for rationed meats, fats and dairy products. This table is available at both the County War Board and the Local War Price and Rationing Board.

The full cooperation of farmers is essential for the success of the food rationing programs. Mr. Boedeker pointed out. Under these programs the main responsibility of farmers is simply this:

1. Farmers who sell or transfer rationed meats, fats, and dairy products are required to collect the number of ration points listed on the table of point values for the item.

2. They are required to turn over to their local OPA Rationing board all ration points received from the sale of rationed foods. These points are to be surrendered with the report for the month in which the sales were made. This report must be made not later than 15 days following that month.

3. Farmers who deal in these rationed foods must also register with their local rationing board.

Those farmers who have not reported to OPA, since they have not sold rationed meats or fats up to this time, may not receive the reporting form and instructions by mail. The form may be obtained, however, at any local board. It is not necessary for the farmer to go to his local board to register. When he files his first report, and submits ration stamps for sales of rationed foods during the previous month, he automatically becomes registered.

Blue Devils Take Pioneers By The Score Of 13 - 6

Large Crowd Sees the Second Win of the Locals From the Pioneers—Locals Use Pass Attack

In Friday's return game with the Pioneers of Nebraska City, the old jinx of Plattsmouth, together with the fact that ten days had elapsed since the last game, almost proved a disaster as the Platters were able only to squeeze in a 13-6 victory at Nebraska City.

Plattsmouth won the flip and chose to kick from the north goal, kicking down to the Nebraska City 6-yard line where the latter were forced to kick back to the 50. On a spectacular pass by Ed Gradoville, from the 25, to Vroman on the end zone, our first score was made. The forward rushing of the Nebraska City front line blocked the kick by Joe Gradoville for the extra point. The score 6-0 with the first touchdown being made on the fourth play in the first quarter. On the second kick-off, Neb. City returned the ball to the 30, where they kicked, due to the numerous set-backs they received, and Plattsmouth received the ball on the 35-yard line. The Platters lost control of the ball as result of a fumble, and the Pioneers recovered. Neb. City's first attempt to pass was foiled by the line backers of the Platters. On two quick open plays, one by Doc Eaton and one by Beverage, the Platters Blue and White were downed on the Pioneer's 30. Due to the powerful wall of Neb. City, the Blue Devils lost control of the ball to the opponents. Neb. City, deciding to punt, did so to the 45. The first quarter ended with a score of 6-0 in favor of the Platters who also had possession of the ball on the 40.

As the second quarter started, Wolever replaced the first stringer back, Joe Gradoville, who came out for a rest. Joe was all powerful in this game, having been out of practice for a time because of injuries received in the North game. On a false punt, Plattsmouth was thrown for a 19-yard loss. Pike's line back-kick proved efficient when he stopped the Pioneers from scoring. The Neb. City Eleven's first threat to score was early in the second quarter when they took over the ball on their 40 and marched down to the 8, where the fighting Blue Devils, aided by Pike and Eaton, stopped them and Plattsmouth took charge of the pigskin. Having stopped the first offensive threat of the Pioneers, the Platters kicked going so back to the 50. The half ended with Plattsmouth in possession of the ball and with a score of 6-0 still in favor of the Platters.

The second half started with Neb. City kicking off to Plattsmouth. Eaton taking the ball back to the Platter's 35. Being deep in Neb. City's territory, Ed Gradoville thrust a pass and it was completed by Vroman on the 30. The Blue Devils' first attempt to score in the third quarter was stalled when Plattsmouth tried a pass to score. Now, with the ball in the clutches of the Pioneers, the latter, on an offensive thrust that baffled the Blue and White, scored on the Platters for the first time this year, making a tie of 6-6. Plattsmouth's forward wall stopped the Pioneers from plunging over for the extra point. After the Pioneer's touchdown, they kicked off to Plattsmouth and Eaton brought the treasure back to the 38. Plattsmouth was in control of the ball on the 50-yard line as the third quarter ended. Beverage's powerful driving of the punt of the Pioneers, brought the ball back to the Neb. City 35. Being penalized because of too many time outs, Plattsmouth was forced to kick. Neb. City returned the kick back to their 30. Due to no gains Platters took control. The Platter's line opened big holes to let Eaton roll through to set up the essentials for the second touchdown. After Doc had done his work, the ball was carried across the goal, by Capt. Ed Gradoville. The extra point was made by Livingston who completed a pass. The score 13-6. On the kick-off after the touchdown, the whole front wall was determined to smother the Pioneers from making any further scoring as were also the rest of the fighting eleven. They did a neat job of it, too, as the 13-6 score remained at a standstill throughout the few remaining minutes of the game.

It may be truthfully said that both teams played a good, fast and aggressive game but the Blue Devils of Plattsmouth were able, for the second time this season to show the struggling Pioneers who rules the roost between the two teams.

Give Team Support

The Nebraska City-Plattsmouth football game last evening drew a large number of the Plattsmouth fans to the Pioneers field to give their support to the fine battling team that has represented Plattsmouth this year on the gridiron. The Plattsmouth group practically filled one section of the seats to cheer on the embattled Blue and White warriors, playing their next to last game of the season. The board of education and superintendent L. S. DeVoe were on the job to root for their team. The football team this year has been one of the best in the last few years and has presented a well balanced and hard hitting team, from the line to the backfield. The line this year has been especially strong and fast and helped make possible the great undefeated record.

Coal Miners Over Nation Start Slow Return To Work

Three Day Strike Estimated to Have Cost Ten Million Tons of Coal and Disrupted Industry

BY UNITED PRESS

The nation's coal miners began a slow return to work today, ending a three-day strike which cost the war effort ten million tons of coal, disrupted production of steel, and left hundreds of homes without fuel.

The miners ended the strike in orders of President John L. Lewis of the United Mine Workers after negotiation of a wage contract with the government providing for \$1.50 daily raise. The contract, negotiated with Coal Administrator Harold Ickes, must be approved by the War Labor Board, however, before it becomes effective.

It will remain in effect as long as the mines are under government operation. The contract was basically the same as a previous agreement between miners and operators which was rejected by the WLB. The new contract, however, calls for 15 more minutes of productive work daily to justify the \$1.50 increase. Despite the workers' resumption, coal operators and government officials believed the mines would not resume their full productive capacity until next week, too late to avert curtailment of steel production.

UMW officials said it would be a few days before all the 530,000 striking miners returned to the pits. The work resumption was slowed by the necessity of inspecting the mines before placing them in operation. Maintenance crews, however, had remained in the pits during the strike, and in many areas partial crews began limited production today.

Several small pits in eastern Ohio resumed operations, but larger mines were idle, and coal operators anticipated no mass return of the miners for 36 hours.

In western Virginia the back-to-work movement was equally slowed by news of the new contract spread slowly through isolated mining camps.

Amery, Britain's secretary of state for India, told Commons today that about 8,000 persons died in Calcutta "directly or indirectly due to starvation" in the month ending Oct. 15th, and that there were no prospects for immediate reduction of the Indian famine ravages.
