Chamber To Aid In Local War Drive

City Quota Is Still Not Reached and Greater Solicitation to Be Made

The Chamber of Commerce is to lend its efforts to the support of the USO War Fund drive in this locality as there is still a great deal of the fund to be raised, Chairman C. R. Olson of the local committee, reported at the meeting of the Chamber this week.

This fund is one that is raised by the voluntary contributions of the residents of Cass county there being no withholding from payrolls or other methods of raising the funds. Accordingly the need is for reasonably liberal contributions from the people in general.

The funds raised are to be expended for the care and entertainment of men in the armed forces both in camps and in the foreign fields, bringing as much of home as possible to the men in all branches of the service.

Many have not as yet been solicited and these are urged to give liberally as possible and those who have made small contributions are solicited to increase the contribution as much as possible. The Plattsmouth quota is \$3,175 and this is far from being reached at this time.

Board of County Commissioners Attest: County Clerk

"IT WAS ALWAYS GOOD TO COOK FOR HIM - AND IT STILL IS!"

I LIKE to realize that the chops and things we don't eat at our house turn up for his dinner over there. He needs them more than we do. And those glistening jars of fruit and vegetables in the cellar—they stand for the canned foods we won't have to buy this winter. Maybe those foods can go to some other fighting man, fighting the same war on my boy's side. Maybe some Russian lad will eat a little better and fight a little harder, because I was careful not to waste a scrap of food. That helps bring my boy home sooner.
