# Churchill Urges "Big Three" Have Meeting Soon

British Prime Minister Says Chances Are Brighter Since the Re-Election of President

LONDON, Nov. 9. —(UP)—Prime Minister Winston Churchill said today it was "high time" the leaders of America, Britain and Russia met

again, and added that the prospects for this conference have been "vastly improved" by the re-election of President Roosevelt.

Churchill said another meeting of Mr. Roosevelt, Premier Josef Stalin and himself "might easily abridge the sufferings of mankind and stop the fearful process of destruction which is now ravaging the earth."

The Prime Minister, in a jovial and expansive mood, spoke at a mansion house luncheon for the new Lord Mayor of London, Sir Frank Alexander.

"I feel free to express, on personal

grounds, the great joy it gives me to know that my wartime and intimate co-operation with President Roosevelt will be continued in the months that lie before us," Churchill said. "I am sure that everybody will be moved by the sportsmanlike manner in which Governor Dewey, in the moment of his defeat, offered his congratulations to his opponent and pledged his party to work wholeheartedly for the world cause."

He praised the way the United States election was conducted without disturbing Anglo-American friendship, and lauded both parties

for holding the allied interest "high above the dust of partisanship." "America," he said, "has given an example to the world of how democratic institutions can be worked with utmost vigor and freedom without injury to the permanent interests of the state."

## CARD OF THANKS

I wish to thank all my friends and relatives that sent me cards, letters, fruit and flowers during my stay at the hospital.
