If not, are we really taking the war seriously?

8:00 "The Stability of the Kingdom." What does the stability of the Kingdom of God depend upon? If we do not do all that we can to attend church and to advance the Kingdom of God in our community, are we true to our boys in the war who are making so many sacrifices for the things that the church stands for? They are making sacrifices, are we making sacrifices?

### The Washington Merry-Go Round (Continued from Page Two)

ed was simply that "Johnson said he has been unable to confer with the president."

One of Johnson's proudest boasts is his long and close friendship with President Roosevelt, so when he saw this story he hit the ceiling. Cornering the innocent reporter in the house lobby, Jed blustered: "I didn't like that story of yours. Frankly, I didn't like it at all. Don't you know that I can see the president as readily as anyone on Capitol Hill. To say I haven't been able to see him creates the wrong impression." Later the reporter commented: "I guess Johnson is just too busy a man to be able to find time to bother with Roosevelt."

told the Senate Military Affairs committee privately the same thing. Senator Chandler of Kentucky quoting Vice-chairman William Batt of the WPB "That we have already out-produced our enemies and our allies."
