Demand Further Quiz On Deals of Elliott

WASHINGTON, (U.P.)—House republicans demanded Monday that congress determine definitely whether the late president Roosevelt was involved in the loan operations of his son Elliott.

They expressed dissatisfaction with the house ways and means committee's report on Elliott's financial transactions, saying there were "discrepancies" about the late president's role. They demanded a more "complete" investigation.

Republican members of the committee said Elliott's testimony indicated that his father had nothing to do with his business affairs. He said Roosevelt did not help him in obtaining the much-publicized \$200,000 loan from John Hartford, president of the Atlantic & Pacific Tea Co., nor in bringing in former Secretary of Commerce Jesse Jones to negotiate a settlement for only \$4,000.

"I welcome the investigation if the body that will conduct it will be fair and impartial in its attitude," Quinn said in a statement prepared for the press.

The investigation was requested by Consumers president H. J. Wisner, Scottsbluff. Wisner said reckless and misleading statements were made during the campaign. The council agreed at a meeting last Friday to probe the matter.

"Consumers is mad because it lost an election," Quinn commented. Beatrice, Lincoln Kearney and several other cities have tried in vain for municipal ownership," he said.

Quisling Claims Not Guilty of Treason; Appeals Decision

OSLO, (U.P.)—Vidkun Quisling, nazi puppet premier of Norway who recently was found guilty of treason, filed an appeal Monday with the supreme court.

It was expected the appeal will be acted upon within two weeks.

Quisling's appeal challenged the validity of the laws and moral decrees which the exiled Norwegian government issued in London and under which Quisling was found guilty. The appeal also asked for a scrutiny of the punishment which the trial court imposed.

He contended that Norway was not at war in April 1940 and that military treason and other wartime laws therefore were not applicable.

Nip Illusion Should Be Dropped; Inukai

TOKYO, (U.P.)—A veteran Japanese diet member told the United Press Monday that his countrymen would get along fine in this world, if they could drop the illusion that they're the best people in it.

Ken Inukai, eldest son of Tsuyoshi Inukai who was assassinated in 1932 while serving as premier during the Manchurian "incident," said: "The character of the Japanese people has been such that they can't mix with foreigners. They're not cosmopolitan. This in this characteristic must precede and be the foundation of all that follows."

"It will be a question of educating the people. The Japanese are kind-hearted and have a good character. They are generous. But when they leave their own country, especially when they go to Korea or China, this superiority complex always crops out."

Hoessler Accused Nazi Killer Head

LUENEBURG, (U.P.)—A Polish Jewess who survived nazi gas chambers at the Oswiecim horror camp sobbingly pointed out Monday the man who sent her and thousands of others to be executed.

Zophia Litwinska, 29-year-old widow of a non Jewish-Polish officer who died in Oswiecim told the British military tribunal hearing the case against 45 Germans that she and others were beaten with clubs and driven naked beneath showers. These showers sprayed poison gasses instead of water.

She told how 3,000 Jewesses were paraded and how many were "selected" for death.

Asked who had conducted the parade, Mrs. Litwinska rose dramatically and pointed to Herr Hoessler one of the defendants, and screamed, "There's the murderer who is responsible for killing and burning so many."

Movie Crew Returns For Farm Shop Stops

The movie crew that filmed scenes on the Roy O. Cole farm last week returned Saturday to complete their work. They took pictures of the Cole farm shop and other machinery. A slight delay had been caused in the filming because special equipment had to be brought from Chicago. Special lighting was also furnished by the Consumers Public Power Company of Plattsmouth.

The movie being made is an advertising production for the B. F. Goodrich Co. and demonstrates the use of rubber on farm implements. The Cole farm was one of the three in the midwest chosen as the site for the pictures. The other two farms are located in Kansas and Iowa.

It was said that it would be at least a year before the picture would be released for public showing.

A Local Lady Spit Up Acid Liquids for Hours After Eating

For hours after every meal, a Plattsmouth lady used to spit up a strong, acidulous liquid mixed with pieces of half-digested food. She says it was awful. At times she would nearly strangle. She had stomach bloot, daily headaches and constant irregular bowel action. Today, this lady eats her meals and enjoys them. And she says the change is due to taking ERB-HELP. No gas, bloot or spitting up after eating. She is also free of headaches now, and bowels are regular, thanks to this Remarkable New Compound.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get

Prisoners Overthrow Annamese Gov't

LONDON, (U.P.)—Reports from French Indo-China said Monday that 300 former French war prisoners overthrew the self-styled independent Annamese government at Saigon, arrested its ministers and raised the tri-color over the city Sunday.

British and Japanese military patrols did not interfere with the French coup.

A daily herald dispatch from Saigon said the former prisoners were armed with grenades, tommy guns, Bren guns and other weapons by a small French military contingent several days ago.

Striking at 3 a. m. Sunday, the French seized Annamese headquarters in the Saigon town hall. Gunfire broke out and continued at intervals during the morning, but the French, reinforced by airmen and sailors, mopped up most Annamese supporters.
