IN THE COUNTY COURT OF CASS COUNTY, NEBRASKA To all persons interested in the estate of George Ludwig, deceased, No. 4022:

Take notice that a petition has been filed praying for administration of said estate and appointment of Cora Ludwig as administratrix; that said petition has been set for hearing before said Court on the 5th day of July, 1947 at 10 o'clock a. m.

Dated June 6th, 1947. PAUL E. FAUQUET, County Judge.

(SEAL) No. 507, June 9, 16, 23.

Eagle

Mrs. Anna Earl of Weeping Water was in town on Monday of this week visiting with friends.

Fern Page, who graduated from the Eagle high school with the class of 1947, is now attending the National Business Institute in Lincoln.

Miss Ethel Morrison, daughter of Mr. and Mrs. Julius Morrison of Bethany became the bride of Merl McWilliams, son of Mrs. Clark McWilliams of Eagle at a ceremony performed at Bethany Christian church Sunday evening, June 8th. Guests from Eagle who were present at the wedding included Mr. and Mrs. Clark Gonzales, Mr. and Mrs. H. L. Scattergood, Mr. and Mrs. Charles Scattergood and daughters, Mr. and Mrs. Clyde West, Mr. and Mrs. Fred Rudolph and Mrs. Ralph Ransford and Mr. and Mrs. Rudolf Wulf and family.

Mr. and Mrs. Edward Gerhard spent a few days last week with relatives at Stanton, Iowa. Mr. and Mrs. David McFarlane of Los Angeles, California are

here visiting the latter's sister, Mrs. Elmer Seeman and Mr. Seeman and a brother, Leonard Kent and the Trumble families.

Mrs. Robert Phillips and Grace left Saturday evening for Denver where they will attend the funeral services for a brother-in-law of Mrs. Phillips.

N. F. Davis of Moberg, South Dakota visited his cousins Mrs. Mary Lanning and William Bunten last week.

Mr. and Mrs. Knowles and daughters, Marilyn and Doris of Nebraska City were the weekend guests of Mr. and Mrs. Frank Page and Fern.

Miss Jennie Gerhard and her sister Mrs. Otella Moore of Lincoln are visiting relatives in Iowa and Illinois.

A miscellaneous shower was given at the home of Mrs. Ralph Ransford for Miss Ethel Morrison Saturday evening, May 31st.

A pleasant evening was enjoyed by all the guests and the honored guest was presented with delicious lunch was served by the hostesses.

Neola Reed, Dolores Scattergood, Bernita Earl, Virginia Phillips, Darleen Slickman and Marilyn Stoll returned last Saturday evening from Lexington where they had spent a pleasant week as delegates to a gathering held for the Future Home-

makers of America at a camp near there.

Mr. and Mrs. Charles Garlits of Lincoln and Mr. and Mrs. A. J. Nelson spent Sunday with Mr. and Mrs. Myri Miller and family near Elmwood.

Mr. and Mrs. Grady Southworth of Rosewell, New Mexico, visited Mrs. Mary Lanning and William Bunten the first of this week.

Mrs. Irene Christensen and family of Arnold arrived Saturday evening and are visiting Mrs. Christensen's parents, Mr. and Mrs. H. L. Scattergood and

other relatives.

Mrs. C. E. Allen, Jack Allen, and Mr. and Mrs. Ralph Allen of Lincoln called on Mr. and Mrs. R. B. Morgan and Mrs. Clements during the weekend.

REPRESENTATIVE SOCIAL SECURITY HERE TODAY

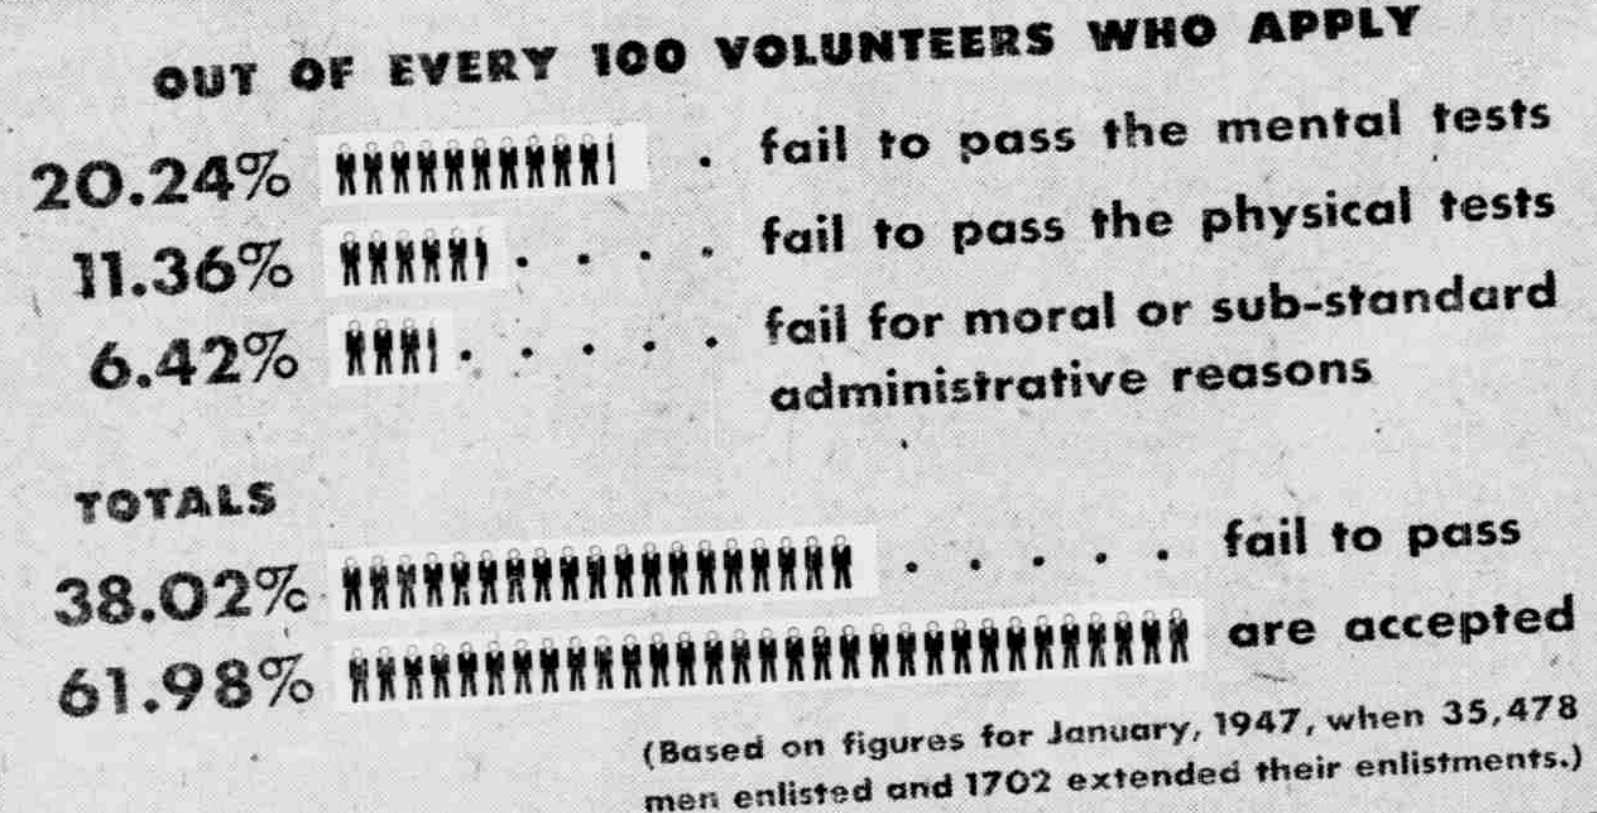

Residents of the Plattsmouth area who have business or inquiries connected with the operation of the Federal Old-age and Survivors Insurance system are invited to contact a representative of the Social Security Administration who will be at the

Post Office on Thursday, June 19, 1947 at 10:30 a. m.

According to Leo W. Smith, Manager of the Lincoln Office of the Social Security Administration, this service is offered to provide a convenient opportunity for persons of this area to file benefit claims, obtain new and duplicate social security cards and to make inquiries concerning their rights and obligations under the Old-age and Survivors Insurance Program.

YOUR NEW REGULAR ARMY WANTS YOU TO KNOW HOW VOLUNTEERS ARE SELECTED

Would it surprise you to know that only about 60 out of every 100 volunteers for the new Regular Army can measure up to today's requirements for a soldier?

Only the top 60% of American youth—mentally, morally and physically—can pass the rigid tests.

There are reasons for this which your Army wants you to know:

- 1 The men we send overseas must represent you to millions of people who are struggling towards democracy. They must be typical of our best. 2 The truly modern Army requires a far higher type of soldier than ever before. The wide use of scientific material and the broad program of research necessitate a superior man. Your Army must lead the world in the caliber of its men if it is to provide adequate defense in the atomic age.

These are reasons why Army enlistment standards today are higher than ever before—why your new

Regular Army, although comparatively small in size—is performing its world-wide duties well.

In Japan, for example, ours is the smallest occupation force per capita in world history—yet there is no record of greater achievement in such a short space of time.

If you can measure up to these standards, you will find enlistment in the new Regular Army a good career. You will live and work with friends whom you will value always. You will have opportunity for travel and high adventure, and a chance to qualify for Officer Candidate Schools and Technical Schools. Above all, you will have the deep satisfaction of doing an important job for your country.

A GOOD JOB FOR YOU U.S. Army CHOOSE THIS FINE PROFESSION NOW!

WHY TESTS VARY

Cows tend to test higher in cool weather than in hot weather.

Cows in heat and cows in good flesh tend to test higher.

Cows generally advance in test as their lactation advances.

Cows tend slightly to increase their test from year to year until they reach maturity, and then decline.

The strippings test higher, and failing to completely milk the cow will reduce the test.

When first turned to pasture, cows tend to test higher for a short time.

Exposure to stormy weather and discomforts tend to reduce a cow's test.

Adding fresh cows to the herd reduces the average test as a rule.

Sudden changes of feed tend to temporarily affect the test, sometimes raising and sometimes lowering it.

Irregular milking and feeding tends to cause cows, to vary in test, as do changes in health, changes in milkers, excitement, etc.

Allowing milk to get warm so that it sours or churns in the can makes it impossible to get a fair sample test.

Skimming part of cream from the milk reduces the test.

Using milk from low-testing cows for use in the house and feeding calves will raise the herd test, and vice versa.

Many times it is difficult to find the real reason or cause why milk from the same cow will vary in test, more so when they seem to have the same feed and care.

The Above is Published for Your Information! —Save for Future Reference— No matter what the Season—YOU can always depend upon a fair test at the
