"Skating Vanities of 1948" Coming to Ak-Sar-Ben Coliseum, Omaha

"Braziliana"—a beautiful production number done in wondrous black-light.

The most elaborate production ever seen in Omaha—the ALL NEW sixth edition of "SKATING VANITIES OF 1948"—makes its third appearance at Ak-Sar-Ben Coliseum, Nov. 4th through Nov. 9th, with a Sunday matinee on Nov. 9th.

This year, the producers of this nationally famous entertainment have outdone themselves in giving their cast of skating luminaries the most lavish costumes and scenic background that a show has ever been adorned with. As even a priceless jewel is always enhanced by its setting, so do Gloria Nord, Michael Meehan, Melva Moreno, Eileen McDonnell, and all their fellow stars have the benefit of dazzlingly beautiful wardrobe and stunning scenery and lighting effects. The program is replete with extravagance, from the rousing opening number, "The Grand Parade of the Wooden Soldiers" to the thrilling and nostalgic "Minstrel Days" which brings to a close this knockout 1948 edition of "Skating Vanities." In addition to these, there is the magnificent "Silver and Gold Waltz" and the brilliant "Braziliana"

"CAPTAIN OF THE MEN OF DEATH"

★ Pneumonia is a disease which strikes swiftly and proceeds quickly and dramatically to a crisis. Until recent years little could be done to help the patient. The brief decisive struggle between the infection and the patient earned for pneumonia the dreadful title, "Captain of the men of death."

In the parlance of the army, the captain has been "busted." First came antipneumococcal serum, which removed one bar. Later, powerful sulfa drugs teamed up with serum to completely break the captain. Both of these powerful weapons are kept in readiness in our prescription department, waiting only for the physician's order.
