

St. Paul's Church Will Observe Fiftieth Year

St. Paul's Evangelical and Reformed Church of Plattsmouth will observe its fiftieth anniversary in special services to be held at the church at Avenue A and Fifth street, Sunday, October 19, 1947, the Pastor Emanuel J. Moritz, announced this week.

St. Paul's was erected 50 years ago under the leadership of Rev. F. H. Freund. He, with the sponsors of the Mission Church, had organized five years previously. They sought out the German Protestants of the community and induced them to form an Evangelical congregation.

Rev. Freund was then a member of the Evangelical Synod of North America, a church that merged with the Reformed Church in the United States, a larger denomination. This merger took place in 1934 in Cleveland, Ohio.

It was no problem for St. Paul's to acquire a good number of members at the time of building, as there were many who were either Evangelical or Lutheran.

A new constitution was framed, the name changed from St. John's to St. Paul's.

To all who know the history of St. Paul's, and what it has accomplished during these years, it is evident that the church has been an asset to Plattsmouth and surrounding community. Many of her sons and daughters have gone to other sections of our country taking with them the memory of religious blessings experienced at St. Paul's.

"St. Paul's sends her greetings," stated Rev. Moritz, "and we ask all to unite with us in prayer for future guidance and blessings of God for her work in the years to come. God's work in this world will be done, and may we all never cease to have an honest part in doing it."
