Truly This Is State-Wide Cooperation

Nebraska is a big state. The distance between Scottsbluff and Omaha is nearly as great as that between Omaha and Chicago! Yet, the work of the Nebraska Committee, U. S. Brewers Foundation, is truly state-wide, reaching every community where beer is sold.

Through retailer meetings, and bulletins mailed to retailers—as well as visits from the field force—the legal, moral and social responsibilities of all those engaged in this highly specialized business throughout the state are helped to become assets to their communities.

In fact, the members of the Executive Board of this Committee come from such widely separated cities as Alliance, Omaha, Grand Island, Pender and Lincoln. It is truly a state-wide cooperative self-regulation program and is of value to every citizen of Nebraska.
