### Social Security Benefits Paid in County \$1,638

Monthly benefits totaling \$1,638 were paid to 101 residents of Cass county in Federal Old Age and Survivors Insurance payments in the month of June 1947, as announced by Leo W. Smith, manager of the Lincoln office of the Social Security administration, Monday.

The monthly benefits in Cass county were distributed as follows for the month of June: Forty-seven retired workers, aged 65 or over, received \$971; sixteen retired workers' wives, age 65 or over, received \$172; nine young widows with children under eighteen received \$159; twenty-two children of retired or deceased workers received \$262; five widows, sixty-five or over, of insured workers, received \$74.

Although 2,498 residents of the 19 counties served by Mr. Smith's office were paid monthly benefits in the amount of

\$41,668.00 during the month of June, he is concerned over the fact that many others are losing benefits because they failed to file a claim for them. He emphasized the fact that payments under Federal Old-Age and Survivors Insurance are not automatic. A claim must be filed with the Social Security Administration before payment can be made.

# BUTTER IS BACK! At Your Price

• Yes, the price of BUTTER is down—about 20 cents less than a year ago. Yes, indeed, BUTTER is back—at your price—at everybody's price—a real bargain price. BUTTER is back to spread on bread—to help you use bread without waste—to help save on other foods as you cook, bake and fry.

The price of BUTTER for wholesale extra grades on the Chicago market last week was 66½ cents. In New York the wholesale price last week for extras was 68½ cents. Compare these prices with 12 months ago. At that time Chicago and New York prices were 86 cents. This means today's BUTTER price is almost 20 cents lower than a year ago. Current low prices for BUTTER are being reflected as rapidly as possible in retail stores. Yes, BUTTER is back—at your price—to help you cut the cost of living and guard against waste.

The price of BUTTER has set a pattern of saving in the American home. It's back to help you make better use of so many other foods. It's back to help you save on precious bread and grains. BUTTER is back to help you enjoy all the goodness of the meal. So put BUTTER on your shopping list. Let it help you save. Let it protect your way of living. Don't forget BUTTER and its matchless flavor. Nothing can take its place. And remember, ONLY BUTTER CAN BE BUTTER. No one knows that better than you!
