### "White Christmas"

### Holiday Flowers

Designers in the nation's flower shops urge more individuality in floral gifts for the home, according to Alyn Wayne, official FTD stylist, who designed this Christmas preview. At top—This all-white Christmas centerpiece is dazzling by day and spectacular by night. Equally suitable for the buffet, regal candles rise from clusters of mums and peonies, amid silvered pine cones and snow-laden evergreen.

Below—For the story telling touch in a Christmas mantel or buffet arrangement, Mr. Wayne suggests a modernized cathedral angel amid snowy balsam, white pine cones and sparkling red ornaments.

Inset—Inside story on Christmas door swags is more and more custom-design. Example here, for an apartment door knocker, is snow-laden balsam with a beaming Santa to greet the visitor with outstretched arms.
