### Palm Sunday Observed by Memberships

Sixteen people were welcomed into the fellowship of the First Christian church at Palm Sunday services yesterday. Nine presented themselves as candidates for the sacrament of Christian baptism, and seven were received into the fellowship by statement and letter. Sherman R. Hanson, pastor of the church, welcomed the new members into the fellowship, and asked the Lord's blessing upon them as they took their places in the life and ministry of the congregation.

Five of the candidates were baptized during the special services of membership recognition yesterday. Four are to be baptized during services Easter Sunday. Rev. Hanson invited all who would like to consider relating themselves to Christ through the baptismal ordinance to present themselves as candidates and consult with him about the matter.

Beside the baptismal ceremony, special Easter services at the Christian church will include presence of Knights Templar, special music by the choir, a solo by David Robinson, and receipt of the annual Easter offering for Missions.

The services at the First Methodist church brought five into the church by baptism and two by membership transfers.

Humerickhouse, son of Mr. and Mrs. Joseph Humerickhouse; Dean Allen, son of Mr. and Mrs. Frank Biles; twin daughters of Mr. and Mrs. V. T. Waterman, Kathryn Ann and Karyn Lee; Michelle Irene, daughter of Cpl. and Mrs. James Moore, Mr. and Mrs. Frank Biles were received into the church by transfer.

During the service Frank A. Cloutier gave the number, "The Palms."

McClusky, the pastor, the following being given the sacrament: Richard Edward, son of Mr. and Mrs. Richard Spangler; Jerry Wayne, son of Mr. and Mrs. Wayne Gordon; John Robert, son of Mr. and Mrs. David Fowler and Edward Albert, son of Mr. and Mrs. Edward Bashus, II.

### Spring Really On Time This Year

Spring, lovely spring, long awaited in this northern clime came riding in Saturday with sunshine and warmth to steal away the cold that has prevailed for the greater part of March.

The advent of spring is a day early this year, due to Leap Year and is the earliest for many years.

The dawn of spring finds this section well soaked as the effect of the heavy snows that have melted and helped swell the small streams through this part of the west.

The warmth has also softened up the roads that were not too good in the first place and those coming in from the country report that it is necessary in many instances to make the trip at least part of the way by team and horses.
