"Substance" is the subject of the Lesson-Sermon which will be read in Christian Science Churches throughout the world on Sunday, September 12, 1948. The Golden Text is: "We are saved by hope; but hope that is seen is not hope; for what a man seeth, why does he yet hope for? But if we hope for that we see not, then do we with patience wait for it" (Romans 8:24, 25). Other Bible citations include, "There are many devices in a man's heart; nevertheless the counsel of the Lord, that shall stand" (Prov. 19:21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "Spirit is the only substance, the invisible and indivisible infinite God. Things spiritual and eternal are substantial. Things material and temporal are insubstantial" (p. 335).

Sunday, September 12th will

be observed as "Go-to-College Sunday" in the Christian church. The service meditations, appropriately emphasizing this Higher-Education theme, will point up the relationship of advanced study to the developing Christian ethic of our American culture. Young men and women of the congregation who are to be in schools of advanced learning this fall will be honored at the service, as will those young men, who at the interruption of the advanced studies they had been pursuing, are now serving in our peace-time armies.

Worship and Communion services in the church are held each Sunday at 10 a. m. The school and study period follows at 11, with Supt. Lester Thimman and a fine staff of teachers directing the educational program.

The Christian Youth Fellowship meets every Sunday evening at 6:30. Donna Rhoden is president of the Fellowship. Miss Audrey Dow and Mr. Richard Sack are the young adult advisors.

Members of the educational staff will accompany the pastor and the superintendent to a Christian Education Crusade Conference at Nebraska City on Monday, September 13th. Objective of the Conference is to launch Christian Church crusading Sunday schools into a fall program of Sunday school membership development.

He is not decided on his future plans when he leaves the farm.

Returns From Trip To Colorado Meet

Mrs. Will Minford has returned from a six weeks stay in Colorado. In Boulder, Mrs. Minford attended the University of Colorado Writer's Conference for three weeks. Many celebrated writers took part in the conference, including Ben Ames Williams, Dore Schary of Hollywood, John Mason Brown, William MacLeod Raine, and Florence Means.

Will Minford and George Minford took Mrs. Minford to Boulder,

er, then they took in the Frontier Days at Cheyenne and traveled through the Black Hills of South Dakota. They saw many historical spots, among them the Rushmore Borglum Memorial and the Wild Cat Cave.

The last part of August, Will Minford took part in the Midwest Hereford Tour sponsored by the University of Nebraska, when the tour visited many ranches in the sand hills. After the tour was

over, Mr. Minford continued on to Denver where he was joined by Mrs. Minford. They drove to Douglas, Wyoming, for a visit at the Bixby Carehurst ranch.

Telephone wires hum, science explains, because the wind vibrates them and produces sound waves, as do the strings in a musical instrument.
