Nebraska law provides that a minor is subject to a fine up to \$50 for misrepresenting his or her age for the purpose of purchasing alcohol beverages.

The latest in a series of posters calling attention to this law, furnished gratis by the Nebraska Division, U. S. Brewers Foundation, is now in the hands of every beer retailer. This poster, headed "\$50 Fine!", is designed to help retailers prevent under-age persons from procuring or consuming beer.

Virtually all Nebraska beer retailers want 100 percent observance of the "No Sales to Minors" law, and they welcome every aid to that end. "Sworn Statement of Age" blanks, also furnished free by the Nebraska Division, are used by many retailers with good results.

These services to beer retailers—in the public interest—are a part of the brewing industry's program of self-regulation. Our aim is to have beer handled in a manner deserving of full public approval.

## Program to Reach Non-Church Goers

"Great Scenes from Great Plays", an entirely new departure in religious radio programs, sponsored by the Episcopal Guild of Plattsmouth, will be broadcast for the first time on Friday evening October 1, from 8:00 to 8:30 p. m., Eastern Standard Time over Station KBON Omaha and every Friday evening thereafter.

Rostand's timeless drama of self-denial, starring the beloved veteran actor Walter Hampden, who created the part of the daring, poet and philosopher Cyrano in more than 1,000 stage performances, will be the first "Great Play" to be broadcast coast-to-coast over 500 stations of the Mutual Broadcasting System. This unusual radio series is produced by the National Council of the Protestant Episcopal church with the cooperation of the 800 members of the Episcopal Actors' Guild. Mr. Hampden will act as host for all subsequent programs.

A radical departure from the usual religious programs, "Great Scenes From Great Plays" is aimed directly at approximately 70,000,000 Americans who have no Church affiliation, as well as those other millions who have allowed their Church affiliation to lapse.
