World Community Day on November 5

The United Council of Church Women of Plattsmouth wish to announce World Community Day services to be held on Friday, November 5, at the Christian church. Children's hour is 4 o'clock, adult services at 7:30 o'clock.

This is an inter-denominational project and represents the response of American Church women to the needs of suffering young people around the world. Because of the scope and general interest of this project we ask that November 5 may be dedicated to it in the minds of all the Christian people of our community, and that no other group projects will be scheduled for this date.

This year the World Community project is "Pack-a-Towel for a Teen-ager." Everyone may help and everyone is invited to our dedication services on November 5.

When cleaning house, put aside any useful articles you don't need for your own family, that could be used by a young person 14 to 21 years of age. Contact your

home church for instructions on this project. Further information will be printed in the Journal from time to time. The first article will be entitled "We Need Your Old Clothes." Please watch for it.
