Nebraska Duck Season Opens  
October 15; Pheasants, October 29.

Nebraska hunters and fishermen are fortunate in having excellent sport close at home. Credit is due our Nebraska Game Commission for its record in preserving and restoring the state's wild life.

Another Nebraska organization deserving praise for its accomplishments in a different field is the Nebraska Division, U. S. Brewers Foundation, with its program for raising the standards of beer retailing.

For over 10 years this group of Nebraska citizens has provided a continuous educational and inspection service to acquaint beer retailers with the legal and social requirements for clean, lawful operation.

Without costing the citizens a penny, this Self-Regulation program has won state-wide approval by aiding enforcement authorities in correcting or eliminating bad practices.
