

Mrs. R. B. Keller Attends Lecture Given By Uncle

Mrs. R. B. Keller, of this city was visiting in Kansas the past week, where she had the opportunity of hearing a lecture, "Beauty of Modern Cities" given by an uncle, Dr. Scott Bedford, who is now making a tour of the

country, giving these lectures. One of the lectures was given at Osgo City, Kansas, the home of Dr. Bedford, and another before the Topeka Art Guild.

Members of the Topeka Art Guild and their guests, during annual fall dinner last night at the Jayhawk Hotel, heard Dr. Scott E. Bedford, Chicago, in an illustrated lecture.

Maintaining that utility is no excuse for ugliness, Dr. Bedford showed photographs he had taken in many of the world's large cities. "Not to show up, but to build up our cities is my aim," he said. "The practice of democracy is tested to its utmost in cities, but the city is the hope of democracy. Beauty is democratic. It relaxes, arrests motion, elevates us, and has real significance in social life."

Would Streamline Streets
"Look at the city's streets," the lecturer said. "They are about one-third of your city's area; the modern city will be planned with less street and alley space but better routing of traffic and

movement. Such drawbacks to civic beauty as smoke, poles, wires, will be engineered effectively and controlled."

Bring the country into the city, Dr. Bedford showed slides of parkways, parks, statuary and plantings as part of the landscape design of cities all over the world. "By showing what has been done to make cities pleasant, orderly, restful, clean, convenient and beautiful, Dr. Bedford proved that beauty can exist in modern cities and that the ideal need not be a Utopian dream."

"Cities make men, and men make cities," he said, "and the city is the greatest of the works of man."

Charles Marshall, president of the Topeka Art Guild, introduced Dr. Bedford as one of the greatest authorities on modern sociology, author, former professor in three universities, and world traveler. The pictures from which the lecture illustrations were made Dr. Bedford collected from recent visits to every city of over 100,000 population.

E. B. Weaver, Topeka High School principal, who was a guest of the Topeka Art Guild for the evening, spoke briefly, commending the guild for its co-operation thru the years in bringing to the high school art gallery the exhibitions and activities of art interest.

Cass County People Buy Savings Bonds

Chairman Walter H. Smith for the Cass County Savings Bonds committee announced today that residents of this county purchased \$92,580.00 in Savings Bonds during the month of September.

At the same time, Allen T. Hupp, chairman of the State Advisory committee to the U. S. Savings Bonds Division, announced that Nebraska sales amounted to \$7,266,455.11. Of this amount, \$5,222,959.11 or 71.8% was in Series "E" bonds. "An indication," Hupp said, "that the bonds are still being bought by the individual and ownership is widespread."

"As of September 30, total sales of Savings Bonds in Nebraska amounted to \$108,257,100.61 as compared with \$116,354,243.78 for the same period than 7% in the face of declining income and continued high costs is an indication that our people are buying only what is actually needed and not spending foolishly. They are continuing to build for security, both national and personal."

"Total redemptions and maturities for the period January 1 to September 30, 1948, amounted to \$39,468,996.25," according to Hupp. "As long as this wonderful record of sales being approximately three times maturities and redemptions is maintained, Nebraska and its people will continue to be in an enviable position."

Fifty-Five Schools Teach Driving in Class Rooms

On the basis of a survey, nearly completed, by Wayne O. Reed, State Superintendent of Public Instruction, it was found that driver training which includes classroom and behind-the-wheel instruction is now being taught in 55 Nebraska schools during this year. Classroom work only is currently offered in 23 schools, while behind-the-wheel training is taught in one school.

This announcement came in connection with the scheduling of the fourth Teacher Education Workshop Conferences to be held in Lincoln starting October 22.

"The Conference is held to teach the student Superintendent Reed said. "When the teacher completes his week of concentrated study, he is approved by the State for the teaching of driver training and behind-the-wheel courses."

Agencies participating in the Workshop seminar are: The State Department of Public Instruction; State Department of Roads and Irrigation; Nebraska Safety Patrol; Traffic Safety Education; Traffic Engineering; University of Nebraska; Nebraska State Safety Council; Nebraska State Education Association; Nebraska Congress of Parents and Teachers; and The Cornhusker Motor Club.

If you want a filet mignon of this handsome hunk of beef, it will cost you plenty. He's S. O. Symbal Seth, nine-month-old junior Hereford calf sold at the Kansas City American Royal Livestock Show for the world record price of \$33,333.33. He's held by buyer Frank Carter, left, of Pampa, Tex., who bought him from Dr. E. L. Scott, right, owner of Suncrest Hereford Ranches, Phoenix, Ariz., and Gunnison, Colo.

During the 1920's the United States was generally quite prosperous. Much of that prosperity had a rich pay off awaiting their success. They could spend for promotion whatever was needed. The patriots who opposed the handouts fought barehanded.

Ed Hiber Wins School Honors
Ed Hiber, Plattsmouth, is one of 14 top scholars in the University of Nebraska law college named Wednesday to the board of advisors of the T. S. Allen Moot Court Competition for the current school year.

The board supervises the Allen Competition in which all law students argue theoretical law cases under actual court conditions. Finalists in the competition argue their cases before Nebraska supreme court justices.

Did they learn their lesson from that experience? Recent developments seem to indicate otherwise. In the 1920's the government created first the Dawes Plan and then the Young Plan for European recovery. Neither plan worked. When the schemes collapsed business got the blame.

Now our government is promoting the Marshall Plan. This will probably go the way of the Dawes Plan—and the Young Plan—and the UNRRA Plan—and the Bretton Woods Plan—and the British Loan Plan. But it is a lush pork barrel while it lasts.

That brings me to my point. Have you wondered why as fast as each plan for Europe goes sour, another comes up? The reason is found behind the propaganda barrage. European recovery plans are a rich pork barrel for American politicians and their friends.

Let me be specific. I have before me the July 1948 "Shipping Survey," published by the Association of American Ship Owners. It contains this significant sentence, "Assuming that all the ECA commodity programs will be carried out, the transportation account in the current fiscal year will exceed 400 million dollars."

This 400 million dollars is only one item in the Marshall Plan pork barrel. It was the "gold in them thar hills" that put over every handout scheme beginning with Lend-Lease.

Those opposing the Marshall Plan, as in the case of the earlier

5-Yr. Victim of Gassy Stomach

"For 5 years I suffered from gas swelling and bloating," says a well-known citizen. "My meals just laid in my stomach and turned to gas. Had dizzy attacks from this condition. I tried many medicines, but they never had any effect on me, but finally I found INNER-AID. It cleared out all my gas. Now I can eat without misery afterward. This is the only medicine that ever helped me."

INNER-AID is the new formula of 12 juices from Nature's Plants. It has relieved many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with your food, thus eliminating the poisons that foster stomach trouble. It will cleanse the bowels, clear gas from stomach, enliven liver and remove old bile from the system. So don't go on suffering! Get INNER-AID. Sold by all drug stores — F.

50,000 Head Run at Omaha Monday Fat Cattle Lower

It was another 50,000 head of livestock on sale at Omaha Monday, good for top rank among the major Cornbelt markets for the 16th straight Monday. The cattle and calf run—mostly Western—hit 32,000, a new high for the season and biggest since the record cattle and calf run of October, 1945. Hogs on sale totaled 10,000, biggest porker run since last June. Scattered loads of fat cattle sold steady with last week's \$1.00-\$2.00 break but rank and file were weak to another 50c lower in slow trade, most sales \$27.00-\$33.00, one load \$36.50, another \$37.00. Cows were 25-50c and more lower, \$14.25-\$21.50, a few \$22.00. Bulls held to a \$22.50 top. Stockers and feeders sold steady with last week's close or 25-50c under a week earlier, most sales \$22.50-\$27.00, yearling stock steers to \$29.50 and \$29.75. Calves cleared at \$24.00-\$32.00. Hogs broke 50-75c, bracketing 180-280-pound butchers at \$25.50-\$26.00. Sows were \$1.00 lower, \$22.00-\$24.50. Stags sold at \$18.00-\$21.00. Sheep were steady, fat lambs to \$24.50, slaughter ewes \$7.50-\$8.50, feeder lambs \$19.00-\$23.00, and breeding ewes \$9.00-\$10.00.

Among recent sales:
Fred Schuelke, 23 hogs, wt. 299, \$26.50.
Frank Sliva, 35 hogs, wt. 233, \$26.75.
Howard Philpot, 16 hogs, wt. 243, \$26.75.
Harold Timblin, 18 hogs, wt. 211, \$26.00.

About 45 per cent of the nation's total duck population is on New York state farms. According to latest figures, there are nearly 6,000,000 ducks on farms in the state.

PILES Hurt Like Sin! But Now I Grin

Thousands change groans to grins. Use a doctor's formula to relieve discomfort of piles. Sent druggists by noted Thornton & Minor Clinic. Surprising QUICK palliative relief of pain, itch, irritation. Tends to soften, shrink swelling. Use doctor's way. Get tube Thornton & Minor's Rectal Ointment or Rectal Suppositories today. Follow label directions. For sale at all drug stores everywhere.

WICAKA CAMPFIRE NOTES

The Wicaka Campfire group held their meeting at the Central school on Friday night and elected officers. The following were chosen:

President—Elma Bomberg.
Vice-President—Kay Davis.
Secretary—Helen Gonsolly.
Treasurer—Edith Brittain.
Scribe—Delores Wiles.
Telephone Girls—Jackie Reno, Shirley Strouth, Delores Beins.
It was decided to have a Halloween party at the home of Mrs. Jack Reno on Friday, October 29th. Delores Wiles, scribe.

A new kind of fever thermometer, virtually unbreakable and as easy to read as a watch, has been invented, according to The American Magazine. It's made almost entirely of metal, uses no mercury, and requires no shaking down after use. The unit has a bimetallic control which expands with heat and activates the pointer on a watch like dial.
