625 Newcomers Given Welcome

Hinky-Dinky's "Welcome to Newcomers" program, reached into 625 homes in Omaha and four other communities during the past year and will probably bring pleasure to even more families during 1949.

Just as 1948 ended, arrangements were completed by Manager Richard W. Black of Store No. 24, Plattsmouth, Neb., to obtain lists of all new residents in the area. Thus in the future the office will send letters to families who move to Plattsmouth entitling them to gifts of merchandise and inviting them to trade at Store 24.

This is expected to swell the program considerably in the new year, since Plattsmouth is proving popular with servicemen who are arriving at the new Strategic Air Command headquarters at Offutt Field and are finding homes for their families in the nearby town.

During the past year the welcome service, which originally had operated only in Omaha, was expanded to include Store No. 37, Columbus, Neb.; Store No. 33, Nebraska City, Neb.; Store No. 38, Missouri Valley, Ia.; and Store No. 47, McCook, Neb.

Letters extending welcome and offering the gifts were sent last year to approximately 52 families a month, according to office records. In addition, a second follow-up letter was sent to each family thanking them for their visits and ex-
