BURLINGTON'S 100th ANNIVERSARY

One hundred years ago, a little group of foresighted men obtained a charter for the twelve-mile Aurora Branch Railroad. From that humble beginning (on February 12, 1849) has grown the present Burlington system—11,000 miles of railroad, serving fourteen great states. Rich in the pioneering tradition, the Burlington has contributed many important innovations in railroading... from the first railway post office (1862) to America's first diesel-powered, streamlined train (1934) and the first Vista-Dome car (1945). The 35,000 men and women of the Burlington Lines are proud of its past progress and its present achievements. But they are more interested in the future. The Burlington's first century, eventful and productive, lies behind us. Ahead is a new horizon... a new challenge... a new opportunity —to serve more people better through the years to come.

**SELL US
YOUR TIRE
TROUBLES**

90% of all tire troubles happen in the last 10% of tire life

Sell us the last 10%

Old, thin tires puncture easily... their weakened bodies bruise readily, often causing breaks, dangerous blowouts, costly delays. You frequently pay out more for tire changing and repairs than the value of the few remaining miles.

Get rid of those troubles and dangers... reduce the risk of blowouts, punctures, loss of time. Save money... we'll buy the unused mileage in your tires, give you a liberal trade-in—and you'll ride in safety on new Goodyears.

34% More Non-Skid Mileage

- Stronger Cord Body ... Greater Safety!
- Wider, Flatter Tread ... Better Traction!
- Improved Shoulder ... More Even Wear!

Liberal Trade-in Allowance on Your Old Tires
