

City Council Approves New Street Signs

(Continued from Page One)
The council then took up the matter of a contract with Emery Rozell for the maintaining of a dumping grounds for the city and its residents on sub lot 1, of lot 26, in the NE 1/4 of the NE 1/4 of section 19, township 12, north range 14, east of the 6th P.M. The ground will be used to dump trash, dirt, leaves, and waste matter. The party of the

first part, (Rozell), had no objection to others dumping there if permission was secured. The council would have the right to cover other commercial hauling in case of the termination of the contract. The city in agreement with Mr. Rozell will pay the sum of \$300 per year for the rental at the rate of \$25 per month. This lease was signed for one month pending the passing of the ordinance when it can be extended for a longer period.

On motion the Highway Equipment company was allowed \$164.61 for parts for the old city maintainer that has

been out of commission for several months.

In the matter of the case of Ivan Taylor, et al., to have real estate set out of the city limits, the recommendation of City Attorney Lebens was that the matter not be contested as the land was clearly not receiving any benefit from being a part of the city.

Councilman Rebal of the lighting committee reported on the matter of four new street lights in Hillcrest addition to the city, that the city clerk notify the Consumers Power Co. to install the lights at once.

Councilman Brown reported that the sidewalk on the north side of Avenue A from 6th to 7th streets, should be placed in proper condition for the use of the public, the property owners be notified to have the walk built in a proper manner.

The members of the council held an informal discussion of the condition of the new sewers on Wintersteen Hill, particularly on Second street, where it was reported as undetermined.

The matter of street markers was presented by Don Arundel of the Chamber of Commerce committee, who was present with Richard Black and Harold Alkire of the committee. The committee had met with a representative of the Co-Operative Contract Co., of Sherman, Texas. This company had markers at \$2.20 each or \$4.40 for the two markers. These were to be mounted on posts, preferably a steel post, with concrete bases to hold them firmly. The street force would be asked to install the posts. The initial posts would be placed on Main street from Third to Seventh street, Avenue A from 3rd to 7th, First avenue from 6th to 7th and one light on Wintersteen Hill. The cost of the lights would be \$126 for the initial number and on motion of Councilman Rosborough the sum was appropriated. Mr. Arundel also explained the plan to sell street numbers to the residents of the community, the funds derived to help out on the cost of the street markers. It is hoped to have all of the houses marked so that they can be readily found.

The presence of representatives of road maintaining equipment at the meeting brought up the matter of the proposal some months ago to secure a suitable maintainer for the city. The council had before them the opinion of City Attorney Lebens that at this time it would be impossible to make purchase of a machine, based on the opinion of the attorney general, that the council not having the funds available at this time, would have to wait the making of the annual budget when it might be included and the money provided for according to law. There was at this time only \$1,600 in the road and \$200 in the gas tax fund that could be expended.

On motion of Councilman Rosborough all bids on the equipment was rejected and will be called for later. of the canvass of the vote cast at the last general election, with Councilman Brown and Arn serving as the checking committee. The result was as at first reported:
Councilman First ward — Peck, r. 144; Sedlak, d. 106, majority for Peck, 38.
Councilman Second ward — Bollmeier, r. 94; Rebal, d. 115, majority for Rebal, 21.
Members of the board of education — Clair Shellenbarger, 263; A. W. Huebner, 260; Harold Alkire, 228; Walter Gleason, 134.

Sunnyside Extension Club Holds Meeting

The Sunnyside Extension club met Tuesday, March 24th, at the home of Mrs. Gene Gruber at Murray. The members were present and one guest, Mrs. Bob Soierick, of Falls City.

The lesson, "Clean, Cold Milk", was given by the leaders, Mrs. Elmer Tritsch and Mrs. Raymond Lancaster.

The president, Mrs. Delbert Todd, asked those who were able to bring a feed sack for a relief drive, to the next meeting.

Delicious refreshments were served by the hostess, after which, the gifts were passed out to those who had a birthday or wedding anniversary in the month of March from their "secret friend".

The next meeting will be April 12 at the home of Mrs. Harold Gregg, the lesson will be "Milk in Your Meals."

The January meeting was held at the home of Mrs. Curtis Faris, January 24th and the February meeting was held at the home of Mrs. Raymond Lancaster on February 24th.—Club Reporter.

Mrs. Melvin Sturm and Mrs. Stacey Niday of Nehawka were county seat visitors Wednesday afternoon.

PUT SPRING ZING IN YOUR FORD

HERE'S WHAT WE DO:

- Adjust carburetor
- Clean fuel pump filter
- Clean and adjust spark plugs
- Check generator charge rate
- Check distributor
- Adjust fan belt
- Replace oil filter cartridges
- Clean oil-bath air cleaner
- Check and refill battery
- Road-test car
