

## Rob Money Box Of Pay Phone At Hotel

Some time Tuesday, the money box of a public long distance telephone booth at the Hotel Plattsmouth was pried open and it is estimated that in the neighborhood of \$50 taken.

The loss of the money was revealed Tuesday evening shortly after 7:30 when Officer Cliff Hanes had occasion to make a long distance call, had gone to one of the two telephone booths in the hotel. When he sought to deposit the coins in the slots, he noticed that the money apparently failed to register, looking down he discovered that the coin box was missing and found battered up near the telephone.

The party that had carried out the robbery had apparently pried at the side of the box sufficiently so that the pry could be used on the lock and it was forced open. When found by the officer, there was some \$3.30 in small coins in the box where they had been left by the pilferer in a hurry or had been dropped by users after the main amount of money had been taken.

The telephone booths are located off the entrance lobby of the hotel, there being two of the long distance booths placed in the recess. These are quite heavily patronized during the day and night, parties are constantly using the phones and passing in and out so that they are easy of access to anyone, and the attendants at the hotel are unable to keep a check on those who come and go to the booths.

As soon as the robbery was discovered by Officer Hanes he called Manager Adrian Newsens of the telephone company, who arrived at the hotel to take charge of the remaining money and to assist in possible check of the receipts.

## Melvin Todd Attends Live Stock Meeting

Melvin Todd, president of the Nebraska Livestock Feeders association, in company with Glen Todd, of Murray, one of the large local cattle feeders, was at Peoria, Ill., the past week, where they were in attendance at the convention of the Illinois Livestock Feeders association. The meetings were held at the Pere Marquette hotel. Mr. Todd spoke on "Livestock Feeders and Their Associations."

Others on the program were: Don Cunningham, Secretary of Sioux City Livestock Exchange; O. Z. Remsburg, St. Paul Union Stock Yards Co.; Jay Dillingham, President, Kansas City Stock Yards Co.; Don K. Spalding, Secretary of St. Joseph Livestock Exchange; F. Hatch, President, Chicago Livestock Exchange. The evening banquet speaker was Howard Gramlich, Agricultural Advisor, Chicago and Northwestern Railroad Co.

All of these men representing the large markets reported large increases over a year ago in numbers of feeder cattle taken to the farms and feedlots this fall. They felt that the earlier movement of hogs to market at lighter weights this year, which was urged by the Corn Belt Livestock Feeders situation of too many hogs later on their consensus of opinion Ass'n. would help to ease a bad was: that although there may be low spots in the markets, the long time outlook for the ensuing year is for satisfactory livestock prices. They based their opinions on employment figures, wages, deficit government spending, increased meat consumption and the two billion dollar Veterans Insurance Refund program.

Illinois has harvested a better than average corn crop but not equal to last year's record crop. Government corn storage bins are much in evidence across Iowa and quite a large number are still in the building process. There are still a few fields of corn to be picked, Mr. Todd states.

First Aid Class  
Is Graduated Here

On Friday evening, November 18, 1949, the American Red Cross First Aid Instructor's Class, under the direction of George D. Gates, Red Cross Field representative for First Aid, Water Safety and Accident Prevention, completed their course of training. Cass county should be very proud of its seven new First Aid instructors. Following are the names of those persons who completed the course and are now qualified to teach First Aid: Thomas S. Solomon, Florence A. Fouchek, Florence I. Kumm, Lucille A. Meisinger, Maggie L. Snider, Phyllis O. Talcott and Josephine M. Wurga. Any groups or organizations who are interested in forming classes for the purpose of receiving this First Aid training should contact Coretta R. Pfann, First Aid Chairman, Cass County Chapter of the American Red Cross, and arrangements will be made for one of the qualified instructors to teach the class.

Plans are also under way for placing of Highway Emergency First Aid stations in Cass county at spots where accidents seem to be most prevalent. With instructors now available to train personnel in these stations it is believed Cass County will be able to go a long way in bringing before the public the urgency of First Aid Training and Accident Prevention.

## Blue Devils Show Form in Scrimmage

The Blue Devils basketball squad is commencing to take shape in their practice and in the scrimmage against the Louisville team Monday afternoon.

The boys showing the most scoring punch were Danny Rohan, Bill McCormick, Merle Dasher, Stanley Cole and Charles Janacek, with Carl Ofe and Janacek doing the better defensive work.

Stanley Cole, diminutive sophomore, worked well at both forward and guard and Gary Ashbaugh was off and on with his passing game.

The scrimmage was very much on the ragley side with the two teams trying to travel at too fast a clip for this early in the season but was offered a good opportunity for the coaching staff of both schools to get an early lineup on the squad members.

The Louisville club is dominated by underclassmen and Coach Dick Whitmore's club will be heard from in their circles.

The Blue Devils squad will probably be chosen from the following roster. The reserve team will be made up entirely of underclassmen.

Ashbaugh, Gary	12 5-11 2
