Christmas Party Of the C. D. of A.

The members of Our Lady of Loretta Court of the Catholic Daughters of America held their annual Christmas party on Friday evening at the attractive home of Mr. and Mrs. John Bergman in the north part of the city. Will Santa Be In Many Homes Of the City

Each passing year sees many of the homes of the city where there are children, lacking the toys and articles that might brighten the days for the little ones, this condition existing in many homes where the parents are making a brave battle to sustain themselves without the aid of public or county assistance.

The organizations of the city raise a large number of toys and other articles for the little ones and families that are turned over to the welfare office to be handled, but the workers there find that while they are able to contact those on the rolls, they are missing many deserving cases and homes, that really need more of the Christmas spirit. A letter to box 257 at the postoffice can give the committee and others information as to those who need something to make Christmas brighter.

Children are urged to let their wants or expectations be known by writing box 257 and efforts will be made to try and give a helping hand for a happier Christmas day. Just drop the letter that it may give the information needed for the organizations and committee to work on.
