Mix thoroughly and let cool thoroughly. Wash a small area and dry immediately with a soft cloth. Repeat until entire surface is clean, then polish by rubbing with grain of the wood.

Washable window shades are easily cleaned by sponging with thick, lather soap suds, then rinsed with a sponge. Hang on the window to dry, and do not roll until drying is complete.

Crushed spots on pile rugs and carpets can be brought up by applying a steam iron to them. While still damp, brush with stiff brush. Slipcovers look better and stay clean longer if they are lightly starched. To starch easily and evenly, place starch solution in the washing machine. Rinse starch off ball trim or fringe, then dry it shade or indoors, away from artificial heat.
