It may be all right for a cat to look at a king, but these canine aristocrats glared down their threesome of noses at the photographer who dared to point his box of tricks at them in London, England. The dogs are Lalarookh Griffons, a miniature type said to be winning great popularity in Britain and the United States. Their owner, Mrs. D. Bridle of Surrey, is planning to set up a kennel in New York and is bringing some of her dogs on the Mauretania's next trip. ury Bonds 21/2%, due December
