Red Cross in Plans for the March Drive

Wednesday evening a meeting of the officers and interested members of the Cass county chapter of the American Red Cross met at the office of Smith & Lebens in the Donat building to discuss the forthcoming roll call to be staged in March.

There were present Mrs. J. F. Knecht of South Bend, chairman; Mrs. Carl Zaiser, of Avoca, the secretary of the county group; Miss Frederick, the representative of the area office at St. Louis, as well as a number of the local Red Cross workers.

Mrs. Thelma Tritsch, Cass County Home Service chairman; Miss Coretta Pfann, of the Cass county welfare office; Walter H. Smith, who has been one of the hard workers for the Red Cross in the past years; Mrs. Edward Berlette, Mrs. F. I. Rea, Miss Helen Eiting, Orville Nielsen.

The Red Cross drive that is held each March over the United States, is soon to be launched. It was one of the objectives of the meeting to try and secure a chairman, particularly for the Plattsmouth drive to build up the local membership that has in the past years been allowed to fall below the general average.

The program of the Red Cross is extensive and the fees for the membership is used to help provide the funds with which to carry on their program of aid. This year the call for national needs is placed at \$67,000,000, and this is prorated among the states, and in turn, the county and city units. It is necessary to dispose of many of the memberships to secure not only funds but the active physical support of the committees in the various drives.

In the war years the drives locally had built up surpluses that for the more recent years have been ample to carry on the work in the county as well as the special disaster and trouble in disaster, not replaced. These surpluses, not replaced, are now at a low figure and it will be necessary to have them built up to keep the organization in a place where they can give immediate heed to calls for aid.

In local figures the Cass County Chapter has done a great deal of aid for veterans, and others, in the way of grants and loans, many of these have been repaid, but it is necessary to be able to provide funds in time of stress. Mrs. Tristich, Home Service chairman reports that in 1947 she had made loans and grants of \$1,409 to veterans. In 1948 this had moved up to \$1,421.40, and in 1949 there had been \$1,846.41 that had been advanced by the Red Cross to aid those in distress and who found it necessary to ask for aid. The persons served were 158 active members of the armed service, seventy-four veterans and eight civilians, these including many family groups. In the army aid this was largely cases of distress caused by changes in status or adjustments of allotments. The local chapters have found it necessary in a number of cases to provide shelter, rent and food or clothing in cases of distress. To give this relief it is necessary to have funds available and for this purpose the drive is being organized.

It is hoped to have a chairman in a few days for Plattsmouth and to get the movement under way so that on March first there will be workers ready to take the field to solicit the membership and contributions to the "Greatest Mother of All."

Thanks, Anyway
