Izaak Waltons Get Start on New Year

Tuesday evening the Plattsmouth chapter of the Izaak Walton League held a very fine meeting at the new Forty and Eight club rooms and attended by a good group of the interested members.

Many of the plans for the year were discussed by President Clem Woster and the membership to make the program of the year interesting and well worth while for all of the membership.

The program committee of the year as named comprised Leonard Brothers, Glenn Panonin and Edgar Newton.

The trap committee named comprises M. M. Muncie, W. L. Hansell, W. R. Smith and C. E. Markham.

Three members were elected to the board of directors for the coming year: Hugh Stander, T. H. Pollock and Lloyd Frady.

The members of the group later enjoyed a lunch that had been arranged by the committee in charge, prepared in the fine new kitchen of the 40 & 8 club.

Arthur Foster Dies As Result of Accident

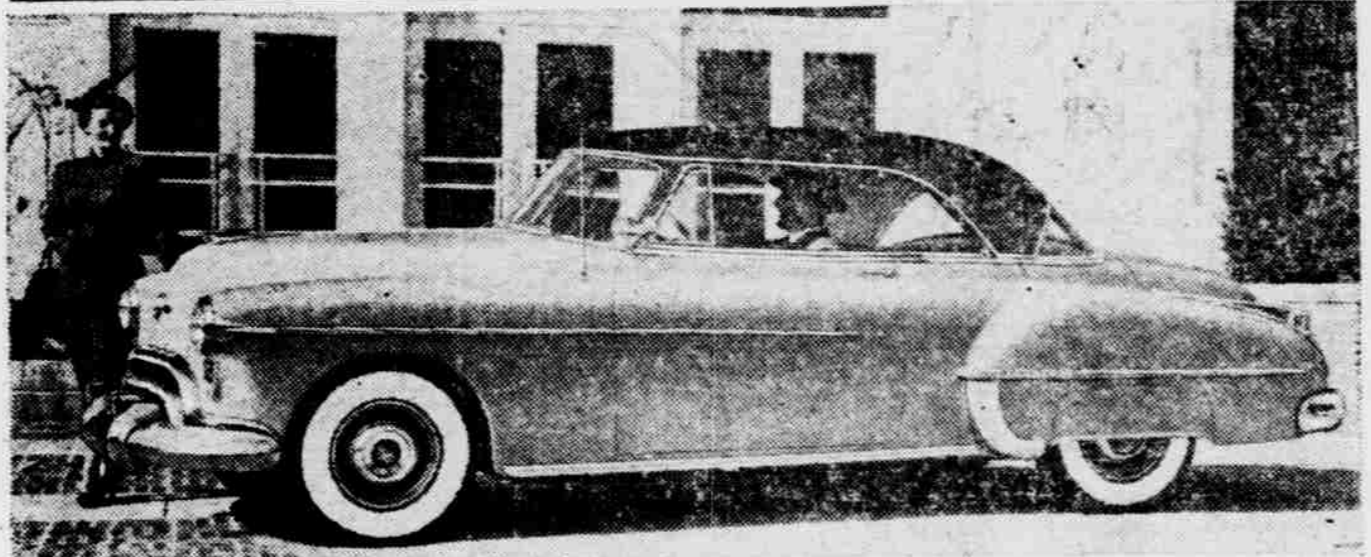

(Continued from Page One)
Everett, Gail Hoback, Elmer Guthals, Lloyd Fitch, Gene Neil, Lowell McQuinn.

Obituary
Arthur Daniel Foster was born at Union, Nebr., September 10, 1914, the son of R. E. and Mary (Larson) Foster. He was a graduate of the Union high school and served three years in the army.

He was united in marriage on October 31, 1942, to Miss Dorothy Applegate of Union and is the father of two daughters, Shirley and Patricia.

He was engaged in farming with his father and brother on the farm southeast of Union. He was one of the prominent young men of that community.

NEW 1950 OLDSMOBILE SERIES "88" HOLIDAY COUPE

Oldsmobile's unique Holiday Coupe design is brought to a new lower price level for 1950 in this luxurious Series "88" model, one of nineteen different models in the new "Futuramic Fleet." The popular design emphasizes panoramic vision by means of single, narrow body pillars and a broad rear window extending around the sides.

The steel top offers the styling of a low, smart convertible, and at the same time provides full closed-car protection. Oldsmobile's sensational 135-horsepower "Rocket" Engine powers the new "88" Holiday Coupe. The new, exclusive Whirlaway Hydra-Matic Drive is optional equipment at extra cost on all Series of "88" and "88" Oldsmobiles.

Cass Sylvester Makes Filing for County Sheriff

The first entry in the 1950 political race in Cass county was made on Tuesday at the office of County Clerk George R. Sayles, when Cass Sylvester, well known farmer of Nehawka community, made his filing for the nomination for county sheriff on the democratic ticket.

Mr. Sylvester is a former deputy sheriff, serving in that position during the time that his brother, Homer Sylvester, served as the sheriff of Cass county, some twelve years ago.

During his occupancy of the office of deputy sheriff, with his brother, Sheriff Sylvester, they gained national fame by the capture in this city of two fleeing bandits that had shot down a United States officer in the lobby of the postoffice at Topeka, Kansas. The men fled north, and as their car was coming through on highway No. 75 near Murray, they were followed by Sheriff Sylvester and Cass on into Plattsmouth.

Reaching here, the bandits became confused as to the way to the Missouri river bridge, and drove east on Main street until they reached the underpass at the Burlington station, where they were overhauled by the Sylvesters and captured without a shot being fired. The capture excited the national attention and messages of congratulation were received from J. Edgar Hoover of the FBI and Homer Sylvester, the brother, was taken by plane to New York city, where he told the story of "me and Cass" over the radio.

Since retiring from office Cass Sylvester has devoted his time to farming here and in Mills County, Iowa.

This is the first filing for any office in Cass county since the opening of election year. Mr. Sylvester states that he has his farming work to look after and made his filing early to get it out of the way.

Old Sacks Needed At Kearney Hospital

If you still have those scraps of yarn laying in the closet, or those old feed and flour sacks, you can put them to excellent use now. A call has been sent out by the Nebraska State Hospital for the Tuberculosis, at Kearney, requesting all such items for use by the patients at the hospital.

The occupational therapy department of the hospital makes excellent use of these items by teaching the patients how to make interesting articles, such as toys, clothing, decorative items and other pieces. The hospital can use any pieces of yarn, flour sacks, feed sacks and cotton prints of all kinds.

All you have to do is to wrap the material securely, and ship via parcel post to the Occupational Therapy Department, Nebraska State Hospital for the Tuberculosis, Kearney, Nebraska, and excellent use will be made of the items you send.

The Nebraska Tuberculosis Association, the county tuberculosis associations and Christmas Seal committees assist this activity at the state hospital.

From the yarn and cloth pieces sent by generous Nebraskans last year, the patients made 18 afghans, two dozen aprons, over 100 children's garments, and more than 100 stuffed toys. As an example of the usefulness of feed sacks, Mrs. Maud Noyes, Occupational Therapy Director, reported that one feed sack would make a dress for a girl under five and two would make a dress for an older girl.

It is hoped that this year's appeal will be as fruitful so that the patients in the hospital will have sufficient materials to continue these activities. Useful skills are learned and the long hours at the hospital become more interesting.

Bill Fox of Omaha, spent the week end here with the Valgene Ewings.

Jack Kuhn, Mr. and Mrs. V. C. Ewing called on the Wesley Smith family at Alvo Sunday evening.

A group of friends gave a pinochle party Thursday night of last week in honor of the 25th wedding anniversary of Mr. and Mrs. Bill Blum.

Mr. and Mrs. Jess Fidler and daughters spent Tuesday evening at the Otto Olson home in Ashland.

Mr. and Mrs. Lester Wunderlich, Mrs. Sadie Shrader and

Death of John Palecek, Long Time Resident

Tuesday evening, January 10, death came to John Palecek, Sr., 91, a resident of Plattsmouth for the past sixty-nine years, a man who was highly respected and honored by the many friends that he had made in the long years that he had lived in the community.

John Palecek was born near Bruno, Czechoslovakia, February 2, 1858, where he spent his youthful years, and in 1881 came to the United States and located in Plattsmouth, to make this city his future home. Mr. Palecek entered the employe of the Burlington railroad here shortly after his arrival and served faithfully and well in the service of the railroad, retiring at the age of seventy from the railroad service after forty-five years.

He was married in Plattsmouth on August 14, 1887 to Miss Cecelia Juraneck, they making their home at 13th and Avenue A for their lifetime. Mrs. Palecek preceded her husband in death June 26, 1912.

Mr. Palecek has been in his usual health until the past few years when his great age curtailed his activities to a large extent. Had he lived until February 2nd he would have reached the age of ninety-two years.

Six children survive his passing, Anna and Cecelia Palecek, of this city; Mrs. Andrew Stander and Mrs. John A. Stander, of Weeping Water; John H. Palecek, of Omaha; and Frank S. Palecek of Berwyn, Ill., eleven grand children and five great-grandchildren.

The body was taken to the Sattler funeral home at 4th street and Avenue A, where the funeral services will be held on Friday afternoon at 2 o'clock. Interment will be at the Holy Sepulchre cemetery in the west part of the city.

Visiting hours tonight 7 to 9 at the funeral home.

Polio Funds and How They Are Used

Here's what happens to the dimes and dollars you give to the March of Dimes which is being held this year from January 16 through 31:

Half remains with the local chapter of the National Foundation for Infantile Paralysis. It is used to pay for that part of medical care which a local patient's family cannot afford and, in emergencies, to supplement the national epidemic aid fund.

The other half is sent to national headquarters. It is used for research to find a means of preventing and curing the disease, education of highly-skilled and much-needed professional personnel and for epidemic aid to chapters whose local treasuries are exhausted.

However the money is distributed, all of it comes back to the community in which it is raised. It comes back in improved treatment methods, trained personnel and cash when it is needed. Eventually, polio investigators say, it will come back in the form of a vaccine to protect mankind against infantile paralysis.

You can help assure every victory of this disease the adequate care he must have for as long as he needs it—by giving NOW, in increased amounts, to the 1950 MARCH OF DIMES.

New members of the Cass county committee are: Mrs. Ruth Manning, Elmwood; Mrs. Ted Harms, Manley; Elmer Hennings is the representative for Avoca; Glen Eager for Louis-

Funeral of Baby Held Wednesday

Funeral services were held on Wednesday afternoon at 1:30 at the chapel of the Caldwell funeral home at 7th street and Avenue B for Dean Kellison, five months and nine day old child of Mr. and Mrs. Asa Kellison. The child had been a patient at the Children's Memorial hospital in Omaha for thirteen days.

The services were attended by a number of relatives and friends of the family, Rev. E. C. Williams, pastor of the First Methodist church, conducting the services. During the service Mrs. Earl Carr sang.

Surviving the passing of the

ville, and Arthur Berthold, for Weeping Water.

little one are the parents, one brother and four sisters, Richard, Lois, Helen, Sandra, Aileen, the grandparents, Mr. and Mrs. W. B. Kellison of this city, and Mr. and Mrs. I. C. McCrory, residing in Iowa.

The body was taken to Hamburg, Iowa, for interment at the Mt. Olive cemetery in that city.

Little Fishes Take Chance
MARINELAND, Fla. (UP) — When certain fish yawn, observers at Marine Studios here say other small fish swim into their mouths to eat the parasites that stick to the roof of the big fishes' mouths.

Onions contain an oil, similar to that used in tear gas bombs.

THERE'S MORE MONEY FOR YOU IN SEPARATING

THE DE LAVAL WAY
American Butter Institute research figures show average losses of 29 lbs. of butterfat per cow per year with water diluter methods; 35 lbs. with hand skimming; and only 0.96 lbs. with a good centrifugal separator.

Multiply these figures by the number of cows you milk—and see how a new, clean-skimming, easy-to-clean De Laval Separator would be a wise and profitable investment for you. A size and style for every need and purse. Easy payments.
