**"Bud" Greene Is Winner in Contest**

Singing an old favorite, "Chloe," won for Bud Greene, son of Mrs. Roberta Propst Greene, 212 No. M St., Lake Worth, Florida, first prize in the amateur contest conducted by the Lake Worth Exchange Club as a special feature on its trade exposition entertainment program. By virtue of taking top spot in the competition young Greene received a \$25 cash award—Lake Worth (Florida) Leader.

The young man is a member of an old time Cass county family and a nephew of A. W. Propst of Plattsmouth and Mrs. Elmer Hallstrom of Avoca.

**REMAINS ON JOB**

Miss Clara Weyrich, member of the faculty of the Plattsmouth high school, who was injured in a fall during the icy weather conditions of a week ago, is gradually recovering from the effects of an injured left wrist. Despite the injury Miss Weyrich has been on the job at the school.

**"Hap" Harris Is Commander of The Local CAP**

On February 23, 1950, in the basement of the Public Library, the Plattsmouth Unit of the CAP held election of officers.

The well known and home town resident, C. P. (Hap) Harris, who resides at 923 Ave. D., is the newly elected CAP Local Commander, replacing Lt. B. Evans, of Omaha. Lt. Evans resigned because of his residence being in Omaha. The members of the CAP organization feel it a great advantage to have a local personage as commander. Especially one who takes a lively interest in the organization and the community. Let us all give him our full support.

Another newly elected officer is the well known man about town, John Straka, who now holds the position of Adjutant in the CAP. As we all know, John has spent many hours with the CAP cadets, teaching the advantages of the walkie talkie. A very good demonstration of this was given during the 1949 Korn Karnival.

Through the earnest efforts of all members, the CAP is now happy to announce that their unit now has at their disposal, a L-4 plane. This plane is stationed at the R. S. Harris Airport, which is located ten miles south on Highway 75. To date, the CAP pilots have totaled seventeen hours of flying in the CAP plane. This is considered excellent flying time, considering the bad winter weather this section of the country has been undergoing. The L-4 will be stationed at the Harris Airport for one more week and the public is invited to visit and inspect the plane.

In order to encourage the local youth of this community, a model airplane contest is being sponsored by the CAP. The plane kits were distributed to the cadets attending the February 23 meeting. The cadets will assemble the model planes and when same are complete, the planes will be displayed in a local store window, and will be judged according to workmanship, appearance, flying ability in spot landings and long distance flights. Prizes will be given to the best plane. Nature of the prizes will be announced at a later date.

Let us once again remind the public that everyone is invited to attend the CAP meetings. Attend these meetings and see what is being done to enforce the CAP Unit here in your town. The entire community should take an active interest in this project as it is never known when disaster will strike the town of Plattsmouth.

**Death of Charles Hanson, Age 72**

Charles N. Hanson, 72, lifelong resident of Cass county for his lifetime, passed away this (Thursday) morning at the rest home where he had been residing for sometime owing to his failing health.

Mr. Hanson was born in the Nehawka community on August 19, 1877 and for a great many years made his home in that portion of Cass county, being for many years engaged in farming.

He moved to Plattsmouth in 1914 and has since made his home in this community.

In the last year Mr. Hanson has suffered from failing health that made his getting around a matter of difficulty and he has largely been on the inactive list.

The body was taken to the Sattler funeral home at Fourth and Avenue A to await the funeral arrangements and the con-

**Frigidaire Dealer Has New Showing**

Brilliantly styled 1950 Frigidaire refrigerators of three types, four series and 10 sizes, plus revolutionary 30-inch ranges featuring extra-large full width ovens—but with a suggested cash price of only \$169.75—high-light extensive new product lines being introduced this year, according to Jess F. Warga, of Warga Hardware.

The new products were shown for the first time here today during a special store display arranged by Mr. Warga. New and improved products introduced currently include a refrigerator line comprised of models affording four to 17 cubic feet of storage capacity with suggested cash prices starting as low as \$134.75, two compact economy ranges equipped with the new extra-large ovens, new large capacity food freezers and an improved electric dehumidifier.

Mr. Warga pointed out that one of the most important aspects of the broad new refrigerator line, aside from advanced engineering refinements, is the attractive, radically-different Raymond Loewy styling. Gleaming white, gold and chromium predominates streamlined cabinet exteriors while white lifetime porcelain, satin-finished aluminum and lustrous ice-blue and gold trim set new standards for interior decorations.

Particularly pleasing to the eye, and at the same time more convenient, is the new "target door latch," which lends a distinctive appearance to the new Frigidaire models. In addition, some models feature full-length doors, enhancing the graceful, smooth-flowing lines of the smart cabinet styling. There are also new toe plates, ventilated and recessed, of chromium or harmonizing grey, depending upon the model. The interiors of all models are finished in white porcelain with acid resisting porcelain on food compartment floors. Cabinet exteriors are finished in Deluxe with some also available in lifetime porcelain.
