"Courtesy Cars" To Aid Stopping Car Accidents

MEMPHIS, Tenn. (UP)—Memphis calls itself "The city of good abode," and it has been trying to live up to that name with the latest thing in traffic controls—the "courtesy car."

Like nearly every other American city, this world cotton center has been plagued with post-war traffic problems.

It hired a firm of traffic engineers from Columbia, S. C., to survey the situation and make recommendations. The survey cost more than \$8,000 and resulted in many changes.

Left turns were eliminated in many cases, streets were made one-way, buses were re-routed and automobile flow was guided to less-traveled streets.

But the human factor remained, and the "traffic cheaters" continued to operate. These are the fellows who slip through edge up just a bit too closely to the pedestrian crossing lines or who signal incorrectly for a turn.

Just minor points, but the mayor's Traffic Advisory Com-

mission decided they were just the things which could keep accidents piling up on the city's books and casualties piling up in the city's hospitals.

To cope with the situation the commission, headed by Bruckner Chase, a former naval officer, came up with "Operation Safety" and the "courtesy car."

The car was simply a vehicle outfitted with a public address sound system that cruised the city streets with a police officer and a safety engineer. They watched for traffic violations and called the offender's attention to them over the loudspeaker.

It was as simple as that, with the commission preferring to call its program one of "education" rather than "traffic enforcement."

Mrs. Laura West was the Sunday dinner guest of Mr. and Mrs. Otto Keltelut.

Mrs. Daisy Burns, who has been visiting friends in Eagle and Lincoln for several weeks, left for Denver, Colorado the latter part of last week. Mrs. Burns formerly lived in the Eagle community before locating in Burbank California.

Mrs. Fred Hermann entertained the Trinity Lutheran Aid Society at the church on Thursday afternoon of this week.

Stephen and Johnny Spahnle sons of Mr. and Mrs. Howard Spahnle of Lincoln are spending this week with their grandparents Mr. and Mrs. Fred Spahnle and uncle and aunt, Mr. and Mrs. William Trumble while their parents are vacationing in Minnesota.

Mr. and Mrs. George Vierich and son, Johnny of Los Angeles, California called on friends in Eagle recently. Mr. Vierich will be remembered by friends here as Irma Longman.

Mr. and Mrs. R. A. Shumaker and son, Lonnie of Weeping Water and Mr. and Mrs. George Trunkenbolz returned last Saturday night from a week's vacation spent at the Black Hills and at Red Feather Lakes, Colorado.

A. W. Adams left on Tuesday morning of this week for Elk Point, South Dakota where he will visit his son-in-law and daughter, Mr. and Mrs. Jay Busker and family and also assist them in their implement business for a short time.

Mrs. Maggie Siekman had the misfortune to injure an ankle recently. She is spending a few days in Lincoln at the home of her sister, Mrs. Eidenmiller while she is unable to get around normally.

A son was born to Mr. and Mrs. Wellington Dennis of Elmwood at the Bryan Memorial hospital on Thursday, July 27th. Mrs. Dennis was formerly Virginia Trumble of Eagle.

Mr. and Mrs. A. J. Nelson and Mr. and Mrs. Myrl Miller and family spent Sunday in Wahoo at the home of Mrs. Nelson's sister, Mrs. August Dahlstrom and Mr. Dahlstrom.

Word comes to Eagle that Paul McIntosh, the vocational Agriculture teacher in the Eagle schools, was seriously injured as the result of a fall last Monday afternoon while working at the Fair Grounds in Lincoln. The extent of his injuries was not
