ing in a ditch on Maiden Lane in the west part of the city, was taken up and discussed. It was stated by Street Foreman Elmer Goehner that the hole into which the car of the complainant had driven, was visible for a block. The cost of repairs to the car of the complainant was also discussed. It was voted by the council that the claim be refused.

The request that the city open a north-south alley in the block north of Main street between 13th and 14th streets was taken up. There has been objection from several to the property owners to this additional alley. In that block, all through the Young and Hayes addition, it is provided for both a north-south and east-west alley. In most cases only one alley has been opened and this is the first case asking for a second alley. The matter was referred to the street, alleys and bridges committee for action.

The council also had discussion at some length of the weeds that are becoming a nuisance over the city. The city has also voted to open bids on the purchase of a tractor to be used in the street operation that can be used to operate a mower.

In keeping with the weed question, the council will on Friday next to open bids on the purchase of a tractor to be used in the street operation that can be used to operate a mower.

Statement on Budget

neighbor, and wanted to make helpful suggestions.

I have also felt, that to make an annual appropriation of \$3700.00 to the county fair, or \$1700.00 in excess of the law requirements, for repairs of fair buildings and Weeping Water auditorium was unjustified, when our court house windows are so badly in need of repairs and paint, and our county workmen haven't a dry and decent building to work in, or to house our machines and equipment when it rains or snows. Neither do we have a shed to house equipment at Murray, while the fair buildings are used most of the year by implement dealers to store their stock of goods.

I have requested an itemized accounting of the fair appropriations both last year and again this year, but failed except for a general statement of 1949, showing receipts of \$9,039.00 and showing 4-H premiums only \$895.15 while special attractions were \$1,349.35 and salaries and labor \$1,296.00.

For reasons as stated, and having failed to bring about a single economy or revision, I felt it my duty to vote negative when the budget was adopted. And it is my conviction that if even greater amounts had been requested that they too would have been granted.

The approximate \$16,000.00 increase in the general fund will come out of the bridge and road funds. That many of the bridges that are now out and roads closed will remain so, or until a special emergency bridge levy is approved at the fall election.

W. F. Nolte,
County Commissioner

PEEK at the STARS
By LYN CONNELLY

THIS MAY ONLY BE the earliest days of summer, but Hollywood is witnessing a pell-mell rush to grab up daytime quarter and half-hour spots, both on local stations and the networks. . . . Veteran time salesmen state that nothing like it has been seen since pre-war boom days as radio has gone all out to get fall schedules lined up three months ahead of starting date. . . . Credit for the big demand for radio time . . . And after 10:00 p.m. here we've still got television competition! I can't explain it, but radio sure is a lively corpse!

There are reports that CBS is threatening to slot Bing Crosby opposite **Groucho Marx** Wednesday nights. . . . This is sour apples on CBS' part since NBC narrowly managed to snatch Groucho away from them. . . . It is further reported that Bing has talked with Groucho and already told him he will not hold still for such a maneuver. . . . Sophie Tucker is set to make her TV debut with Bob Hope Thanksgiving Day.

PLATTER CHATTER
CAPITOL: One of the most inspiring discs to come out of the Capitol is a new one recorded by the team of Jo Stafford and Gordon MacRae. . . . The pair combine the very beautiful "The Rosary" with Carrie Jacobs Bond's "A Perfect Day."

COLUMBIA: Radio's precocious redhead, Arthur Godfrey, teams up with his whole gang in a nifty arrangement of "Driftin' Down the Dreamy Ol' Ohio". . . . Art does a nice job on "Hawaii" on the reverse. . . . Guy Mitchell gives a new number, "Me and My Imagination," a nice send-off. . . . The reverse carries another new one, "To Me You're a Song."

Dove Season to Open on Friday

On the eve of the dove inaugural, State Game Commission officials announced that extra wardens will be in the field to police the busiest areas.
