## GOOD FOR YOU - GOOD FOR YOUR TOWN

You usually think of the Telephone Company as the organization that brings you good telephone service. That's our number one job. But it's not all.

The annual payroll for our 1,500 men and women is more than 3 1/2 million dollars. Most of it, of course, is spent in the home towns of our employees. This is in addition to large purchases made by the company.

All of this helps make jobs and wages for people in other lines and works for community progress. It's good for you and good for your town.
