Don't Neglect Fertilizer Spreaders:

Don't neglect cleaning and winterizing your fertilizer spreader. You can save a lot of grief next spring by working on it now.

That's the advice of Extension Agricultural Engineer D. A. Kitchen of the University of Nebraska. He advises giving the spreader a good wire brushing, paying particular attention to getting all of the fertilizer out of the hopper.

It's a good idea, he says, to paint the inside with used motor oil or a rust preventative. Axle shafts may rust and freeze in the

bearings unless they are cleaned thoroughly and coated with oil.

Clarence Schmadeke County Agricultural Agent.

Mr. Dan Goldsmith, 3024 Curron Road, Louisville, Ky., owner of Coogla Cut Rate Store at 935 West Broadway, says there just aren't enough words in the English language to praise HADACOL correctly. He says he knows most folks don't realize what change HADACOL can make in their life if their systems are deficient in Vitamins B, B₁, Iron and Niacin. Here is Mr. Goldsmith's statement:

"Before I started taking HADACOL I was run down and nervous—and had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were asking for HADACOL so I decided to try it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest. HADACOL is wonderful—I not only take it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put HADACOL on the market."

HADACOL Is So Different

Thousands are benefiting from HADACOL... whose systems lack Vitamins B, B₁, Iron and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these great Vitamins and Minerals to every body organ—to every part of the body.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take — you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.
