Peru State Honor Roll Lists Four From Cass County

Ending the first semester of the college year, Peru State Teachers' College faculty committee on academic achievements has released the names of those students who have attained honors and high honors.

Composed of students from all classes the list includes 12 students who received high honors. One of the twelve is Leslie Niel, son of Mr. and Mrs. Leslie Niel of Plattsmouth.

To be considered for honors a student must complete all of his work and earn at least 14 hours of work during a semester. Those students receiving honors must have a point average of 3.2. Students with an average of 3.7 receive high honors.

Others from Plattsmouth receiving honors were William Cecil and William Wohlfarth. Barbara Miller of Elmwood was also one of the 45 students receiving honors.

Niel, a junior at Peru, maintained an average of 3.7 out of a possible 4 in gaining scholastic recognition. The average is considered very high and only six per cent of the students attain it.

His scholastic record is especially noteworthy since he divides his time baby sitting with his two month old son, Scott Lynn. Niel's wife, the former Jo Ann Davis of Beatrice, is also a junior at Peru. They have arranged their hours so that one of them will be available at all times to sit with Scott.

In addition Leslie is doing practice teaching at Peru high school.

Double Services Held For Navy Doctor and Wife

NEHAWKA—(Special)—Double funeral services were held at the Methodist church Wednesday afternoon for Captain Jesse Miller and his wife, Velma Pauline Miller. Captain and Mrs. Miller were suffocated in a fire at their home in Charleston, South Carolina.

The bodies were brought to Lincoln by plane accompanied by a navy officer and the two children, Suzanne and Jack. They were met by relatives from Nehawka and the Hobson Funeral Home of Weeping Water took charge of the bodies. Rev. Harry Hart officiated at the services. Mrs. Elmer Ross, accompanied by Mrs. Ivan Hansen, sang "No Night There" and "Behold the Sunset." Pallbearers for Captain Miller were Clarence Peterson, Oren Peterson, Joe Burgess, James Rosencrans, Glenn Ward, Kenneth Miller and for Mrs. Miller were Julian Johnson, Arthur Johnson, Paul Murdoch, John Murdoch, John Baier and Dwight Baier. A military burial was given to Captain Miller by navy officers from Omaha and Lincoln. Burial was at Mount Pleasant cemetery.

JOURNALISMS

Most men have a knack of innocently getting themselves into the most embarrassing situations and one good fellow in the northeast part of the city is no exception. Displaying a great interest in boys, he gathered unto himself several in his immediate neighborhood and explained in details a good pin-money racket all boys have worked sometime in their life, trapping.

Unknown to their parents, things were working out beautifully for these kids under the supervision of our friend. First night's venture netted a 'possum and two bucks apiece for each boy. Then disaster stepped in. An early morning round of the traps came up with another 'possum with a second catch pulling the trap deep in his hole. A tug on the chain and out came a little black animal with white stripes down his back cutting loose with all the ammunition at his disposal.

The boys beat a hasty retreat, but the damage had been done. The air in northeast Plattsmouth has yet to clear. Mothers disowned children with screams that rent the heavens. Clothes were buried, engagements cancelled and air-wicks appeared by the dozen. Boys of this neighborhood lost a helpful friend. He has gone where all good men wind up—the dog house.

Newstand dealers here in Plattsmouth report wholesalers complaining of the cut in magazine sales during the last few months during a season when such sales should reach their peak. Most dealers blame the decrease on television which leaves the viewer with little time to pursue the printed page.

A quick check of circulation figures of major magazines such as Post, Life, Colliers, Readers Digest, and others fail to bear out that TV has made any inroads on their distribution, called a match in get-up and go for any engine at any price. Both offer you famous Ford economy. And you'll discover new starting ease with Ford's Key-Turn Starting . . . comfort with Automatic Posture Control . . . greater safety and smoothness with Double-Seal King-Size Brakes.

Good newspapers and top magazines have nothing to fear from TV. When the new wears off with the average viewer plenty of time-out is taken to read what is happening in the world and the community through its local newspaper. And, with the present problems of everyday living, newspaper advertising columns are playing an ever increasing part, borne out in 1950 when lineage carried in newspapers again surpassed all other media and reached the highest point in history—nothing can, or will ever, take the place of the printed word.

W. C. Benfer, former Plattsmouth resident but for a number of years a refugee in Los Angeles, Calif., writes us a letter of appreciation for a past favor. Bill was forwarded a recent copy of the Journal and was nearly induced to return to the 'old home town' after looking over this sheet which he described as "one of the best small town papers it has been my pleasure to pursue in a long time."

Bill says that living in the fourth largest city "makes Plattsmouth look small, but it is apparently a live-wire town judging from the newspaper." Which bears out our contention of the past 40 years that a town is known and judged by its newspaper. You can pick up any newspaper published and a quick perusal of its pages will indicate if the town is ready for the morgue. There are exceptional occasions, however, when a little singing, preachin' and prayin' for the publisher followed by a slow trip down a church aisle assisted by six strong men and true would do more for a town than the chamber of commerce.

Although a "price freeze" was announced by the present administration in Washington a few weeks ago, already the propagandists, over the airwaves

and through press interviews, are softening up the housewife to expect higher living costs with the peak to be reached sometime in June or July. Which bears out our own prediction that prices will continue to advance in spite of controls until they hit a level comparable to a 25 or 30 cent dollar. Government has to work on percentages even as you and I. The more billions that are spent the cheaper the dollar has to get to provide enough greenbacks to cover the expenditures. Just hold on to your hat—here we go again!

Which reminds us of a little thought we read somewhere a long time ago that went something like this: "Even in these days of jet-propelled speeds, nothing has ever been invented that can keep up with a politician when he's dodging an issue."

Plan To Attend Legion Meeting At Grand Island

National Commander Erle Cooke and National Adjutant Henry H. Dudley of the American Legion and Governor Val Peterson will headline a distinguished array of speakers at the 19th annual Mid-Winter Conference of the Nebraska Department of the Legion which will be held in Grand Island on Saturday and Sunday, February 17 and 18.

Other speakers on the Sunday afternoon program will include Chief Justice Robert G. Simmons, Legion National Committeeman John E. Curtiss, State Civil Defense Director Edward Gillette, and James F. Green of Omaha. The National Com-

mander will speak late that afternoon at a joint meeting of the Legion and Auxiliary, which is also open to the general public.

The conference will open Saturday with two schools, one for service officers, and the other a child welfare school. Both will continue through the entire day. On Sunday morning there will be another school for post commanders and adjutants, and the service officer school will also meet again that morning.

Matters of interest to Legion posts in their home communities and for the state as a whole will be discussed by the speakers and in the schools.

Planning to attend from Plattsmouth are Leonard Brothers, district commander; Don Warpa, local commander; Richard Peck, Cecil Karr, Russell Neilson and Dr. P. T. Heineman.

Flags Don't Fly On Lincoln's Birthday

Only two American flags were flying here Monday in honor of one of the nation's greatest countrymen.

February 12, the birthday of Abraham Lincoln, president during the Civil War, has long been one of the notable occasions for displaying the American flag. But a walk through the business district here Monday noon revealed that only two merchants displayed flags in his memory. One of the flags was on Main between 5th and 6th street, the other on 6th street between Main and First Avenue.

Corn Delivered Monday; Boxes Net Over \$150

(Continued from Page 1) while solicitation was being made there.

The local chairman was anxiously waiting for all of the corn to be delivered today so that actual value of his "pet project" could be determined. Estimates had placed the corn at from 600 to 1,000 bushels.

County returns too should be available within a short time. Approximate amounts from the many county towns are being received, but a total of the county-wide drive will not be ready until all county towns have reported. Plattsmouth's contribution is still not available.

Contributions from local groups and organizations as well as individuals, has been considered good in the county. Most social, fraternal, and spe-

cial groups have voted contributions to fight polio through Dimes collections.

Major and Mrs. Charles Flynn left Plattsmouth Saturday for Bellevue where they will make their home. They had lived on South 13th street here for several months.

FORD STEPS AHEAD FOR THE YEARS AHEAD

With 43 "Look Ahead" features

More and more folks who are buying with an eye to the future are buying Fords. The reasons are so simple. In every feature, in every detail the '51 Ford is built to be a fine car . . . to stay a fine car for years ahead!

You'll find this Ford offers you a pick of engines . . . V-8 or Six. Both are a match in get-up-and-go for any engine at any price. Both offer you famous Ford economy. And you'll discover new starting ease with Ford's Key-Turn Starting . . . comfort with Automatic Posture Control . . . greater safety and smoothness with Double-Seal King-Size Brakes.

And you'll find fine-car beauty in Ford's new "Fashion Car" styling . . . with Luxury Lounge Interiors custom-matched to outside colors.

AUTOMATIC RIDE CONTROL is a brand new Ford smooth-riding development. Through a learning up of Advanced "Hydra-Gol" Front Springs, new Variable Rate Rear Spring Suspension and "Vector Control" Shock Absorbers it actually adjusts your ride to road conditions continuously—automatically . . . irons out the bumps . . . keeps your ride level!

AUTOMATIC MILEAGE MAKER is a 3-way carburetion, ignition and combustion system that automatically matches timing to fuel charges. It squeezes the last ounce of power out of every drop of gas . . . gives you high compression performance with regular gas. And Ford's new Waterproof Ignition System delivers quick starts in the wettest weather.

Ford's been building V-8's for 18 years

Ford has produced more V-8 engines than any other car manufacturer. This engineering and manufacturing "know-how" brings you get-up-and-go, fine car smoothness, and operating economy that is unequalled in the low-price field.

You can pay more but you can't buy better than
