## Fires, Mines, Invasion Mark Letter From Richard Newburn

"We plan on pulling an in- vasion late today and then leav- ing our boats and hit the beach tomorrow," Richard V. New- burn, fireman apprentice wrote in a letter received by his mother recently. His mother is Mrs. Berniece Newburn of Plattsmouth.

The letter written February 8th predicted the invasion, but since he was unable to mail the letter for several days, Richard gladly corrected it. In another letter he wrote that "we never made that invasion, although we sat out by some little island and fired 5-inch shells at it."

The shells are timed to go off after they hit, which will do quite a bit of damage when bur- sted under the ground a couple feet, he predicts.

He tells of picking up about 200 soldiers at Olson, which his ship took to Inchon. "They hadn't had a bath for months and they went down to the bathroom to clean up, got all their clothes off and crawled in. But there wasn't any water as we were on water hours and they didn't know it," Richard admits that he had to laugh even though it wasn't funny.

A couple of other things that he tells about weren't so funny either.

"We almost hit a mine the other morning, just one-half hour after I went on watch," the sea going Plattsmouth youth said. He also tells of seeing two or three more mines the same day.

"But if it isn't coming from the enemy, the American sailors can find plenty of trouble on board ship. An oil line broke in the forenoon last night and did we have a neck of a mess," the sailor writes.

"I met three little Korean kids about 16 years old. One of them could speak good English. I asked him how he learned to speak it, and he said the army taught him when they first landed in Korea."

But the situation wasn't all bad for Richard. He plans to be a test for Bremen the first of March. "If I pass it, I'll be equal to a corporal in the army," the letter reads.

The letter was mailed at In- chon, which Dick described as very cold. No snow was on the ground, however.

Dick's address is Richard V. Newburn EA 318--3700 Division B, U. S. S. Tortuga LSD. 26, P.O. San Francisco, Calif.

### LETTER BOX

Several times it has happen- ed that visitors from outside have had difficulty in finding our place on account of a lack of street-markers. In August, 1949, contributions were solicited for this very purpose of pur- chasing and placing new street- markers throughout the city. To date apparently nothing has been done, nor has there ever to my knowledge a report been given to the public.

Now surely the public is en- titled to a report and, further- more, if the money which was contributed for street-markers is not used for the very purpose for which it was given, it should be returned to the donors. An early report is requested.

Yours truly,  
Wm. Sprandel

### Red Cross Fund Campaign Seeks \$6,000 In County

The Cass County Red Cross Fund campaign has a big job on its hands if it expects to come anywhere near subscribing funds to cover the cost of Red Cross aid received by its resi- dents in 1950.

At that time, as a result of the May 8 flash flood which caused heavy damage in parts of the county, more than \$13,000 was spent by the national found- ation to provide adequate care, equipment, repairs and support for the flood victims.

Now residents of the county are asked to contribute to the Red Cross so that it may con- tinue to provide assistance in emergency areas.

Mrs. Zaiser of Avoca reports that the county goal of the Red Cross drive, which is being con- ducted nationally starting to- day, is \$6,000. Residents of Plattsmouth have been asked to subscribe to \$2,000.

Half of the money received during the county drive will be retained by the county chapter for use locally. The remainder will go to the national chapter.

At the time of the flood a year ago, Elmer Hallstrom of Avoca, disaster relief chairman for Cass county, disclosed that \$13,190.91 was spent to assist flood victims. Most of the expense at that time was in the Weeping Water area.

First contributors to the 1951 Red Cross Fund campaign in Plattsmouth were reported this week. Contributors are Mrs. Alpha Muncie, \$5; Henry Kling- er, \$2; Dick March, Ira B. John- son, Curtis Hobbs, Howard Bur- chan, James Jelicik and Mrs. Maggie Mason, \$1, and Harold Gaines, \$0c.
