"I got the story on
50,000 Miles-No Wear
and changed to New Conoco Super Motor Oil"
says J. D. Gladwin, Pontiac Dealer, Clinton, Iowa

"50,000 MILES-NO WEAR!"-- PROVED HERE:
After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence. . . in fact, an average of less than one one-thousandth inch on cylinders and crankshafts.
AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, use less gasoline and oil.

"THE LOWEST OPERATING COST IN 12 YEARS in the Yellow Cab business—that's what we got when we changed to new Conoco Super Motor Oil," reports J. O. Jackson, Owner-Manager, Tyler, Texas. "Our operations are day and night the year around—a tough job for a motor oil. I recommend Conoco Super."

"AFTER AN OVERHAUL JOB, MY CUSTOMERS who change to Conoco Super Motor Oil have no difficulty driving their cars 50,000 to 75,000 miles without any more work on them," writes R. K. Comstock, Garage Owner, Oklahoma City, Oklahoma. "Conoco Super keeps engines clean and cuts way down on wear."
