

Funds For Erecting Street Markers Are Approved By C Of C

The controversial installation of street markers, purchased more than a year ago by donations through the Chamber of Commerce, seems to be headed for a definite end, following discussion by members of the Chamber of Commerce Thursday night.

Meeting at Hotel Plattsmouth for their regular dinner and membership business meeting, Chamber members authorized additional funds for installation of the markers.

The move had the endorsement of all Chamber members attending the meeting. They authorized B. H. G. Eiting, street marker chairman, to consult with city councilmen about sharing the cost. However, they gave the committee the power to erect the signs using all Chamber funds if necessary.

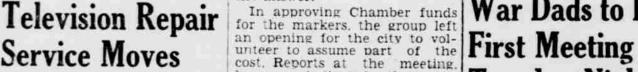

\$1,435 Budget Is OK'd By Chamber

A \$1,435 budget for 1951 was approved by members of the Chamber of Commerce Thursday night in a move to get their program underway.

The budget, based on income and expenses for a four-year period from 1947 to 1950, takes into account membership fees, special ticket sales and bond interest.

As approved by the Chamber, \$875 will be designated for the general fund, \$400 for the civic committee, and \$80 apiece for the Agricultural and Retail committees. Secretarial salary comes from the general fund.

Anticipated income is \$1,300 from sale of memberships, \$110 from ticket sales, and \$25 bond interest.

completion of the project must be first on the current work program. The idea seems to be. 'let's get them up and get it

Resolution Favoring Watershed Bill Is **Okayed By Chamber**

Suggestions For Korn Karnival **Drawing Wanted**

Chamber of Commerce members were requested Thursday night to come up with suggestions for a drawing for publicizing the King Korn Karnival.

The request was made by Ronald R. Furse, publisher of the Journal, following an inquiry by Art Beeman, car-toonist who draws "Those Were The Days," printed in the Journal each Thursday.

recently, Beeman offered "to make a special drawing for the Journal publicizing the Karnival." "This is my own self-promotion idea and if you would like this proposed drawing, I would be happy to hear from you . . . also a suggestion of ideas for it."

The closing paragraph prompted Furse to ask the Chamber for suggestions. He also invited readers of the Journal to submit suggestions, which Mr. Beeman could incorporate in a special King Korn Karnival drawing.

proval of a motion for the Chamber of Commerce of Plattsmouth to go on record as strongly favoring the enactment of L. B. 455, proposed watershed bill now in committee before action by the state legislation. The motion, made by Paul Fauquet, secretary-treasurer of the Cass-Weeping Water Creeks Watershed Asso-
