HYBRID CHICKENS

Results of research at experiment stations in twelve North Central states "indicate that it may be possible to develop hybrid lines of poultry which will greatly expand the productivity and efficiency in the poultry industry in much the same manner that hybrid corn has increased total corn production in the United States, according to E. C. Elting, acting chief of the agriculture department's experiment stations.

When You Think of SHOES Think of **Woster's** X-RAY FITTING

Come-See It... **CASE AUTOMATIC BALER (TWINE)**

Simple, Dependable Self-Tying Unit . . . Plus All the Advantages of Famous "NCM" Baler

Makes Firm, Neat, Full-Weight Bales Tied to Stay Tied With Heavy-Duty Twine

Bales Ventilated for Fast, Even Curing . . . Sliced for Easy Feeding

This new baler, developed from the famous Case "NCM" Slicer-Baler, offers you all its advantages plus simple, positive automatic tying. For new ease, speed and economy in baling, simple construction and strength with light weight, see it now.

New, Easy Way to Farm

One Minute TO PUT ON IMPLEMENTS

NEW EAGLE HITCH

EASIEST 3-POINT HOOK-UP YOU EVER SAW

See it... Try it...

The new Eagle Hitch on the 1950 Case "VAC" tractor takes hold of the new latch-on implements and picks them up—fast and easy. Without getting off the seat you just latch on, slip in a pin, and go! You get to the field quicker, finish sooner. Work is done better because the Eagle Hitch keeps implements working at a steady depth in spite of hard spots and uneven ground. Come in and see it! Try the new low-pressure hydraulic implement control. You'll like the way it works with both latch-on and front-mounted implements. This isn't push-button farming but it's the nearest thing to it. And you'll be amazed at the eager power wrapped up in this low-cost 2-plow tractor.

PUBLIC DEMONSTRATION
of CASE V.A.C. TRACTORS and full line of latch on equipment by Case personnel, in conjunction with C & M Implements, Murray, Nebr. To be held at OSCAR BRANDT FARM - 6 miles west of Union, Nebr. at 1 p.m., FRIDAY, APRIL 27. In case of rain, demonstration will be held at Steven's Garage, Elmwood, Nebraska.

It makes your dollars talk great good sense!

When you look at the times we live in . . . and then take a look at this new Chrysler Windsor . . . you might almost think we'd had advance information and special-built this car just to fit these times!

Certainly it treats your hard-earned and tight-stretched dollars with a respect that's hard to find in a good many things you buy!

To begin with, the Windsor line is the *least-priced* of the three lines of cars we build at Chrysler. To buy one gets you all the basic goodness Chrysler engineering means, at the very *lowest* cost. That's good sense in itself.

In powerplant, your Windsor brings you Chrysler Spitfire . . . one of the truly great engines in the whole bright history of America's motor cars. Time-proved and owner-beloved, it would be hard to put your money on a sounder friend than this to live and travel with you through the months ahead!

As to comfort, Windsor brings you the amazing travel bonus all Chrysler owners get this year . . . the revolutionary new Oriflow shock absorber. With more than twice the shock-absorbing power of any other in the world, this amazing new device keeps wheels steady on the road, and riders steady in their seats.

As you can see, it is no idle claim that this car makes very special sense in these unusual times. But why not get the whole good story at first hand? Why not go see your Chrysler Dealer, very soon?

Beautiful to look at! . . . Beautiful to drive!
