COUPON

"I got the story on

50,000 Miles-No Wear

and changed to New Conoco Super Motor Oil"

says Park Dobson
Kaiser-Frazer Dealer
Alliance, Nebraska

"Every car that leaves my showroom is lubricated with Conoco Super Motor Oil," reports Mr. Dobson. "A man can get top performance with Conoco Super."

"50,000 Miles-No Wear!" Proved Here:

After a punishing 50,000-mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence; in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

ASS'T FIRE CHIEF
"Our engines sit idle for many hours and then are driven at high speed," says Alex Barnes, Ass't Chief, Volunteer Fire Department, Santa Fe, N. M. "That's why we use Conoco Super. Any oil that takes that kind of punishment must be 'super'."

TRAVELING SALESMAN
"I've put 26,000 miles on my DeSoto," says Jim McCabe, Traveling Salesman, Idaho Falls, Idaho. "I've used Conoco Super since the car was new, and I still enjoy new-car performance, and no oil consumption between drains."
